Marion County Approved Route List

The following combinations are allowed on county roadways without a permit, except those roadways listed in table below.

- Truck/Tractor Semitrailer combinations may operate at a maximum of 75’ overall length with up to a 53’ trailer and legal weight.
- Log truck/pole trailer combinations may operate at a maximum of 75’ overall length and legal weight.
- Truck & Trailer Combinations may operate at a maximum of 75’ overall length with up to a 40’ trailer and legal weight.
- Double trailer combinations may operate at a maximum of 75’ overall length and legal weight with up to a 40’ trailer length and load space not to exceed 68’.

The following combinations are allowed on county roadways by permit only.

- Truck/Tractor Semitrailer combinations may operate at a maximum of 70’ load length, 80’ in overall length and ½ wheelbase rear overhang with up to a 53’ trailer and legal weight.
- Long, Logs, Poles or Pilings, log truck/pole trailer combinations may operate at a maximum of 95’ overall length and legal weight.
- Double trailer combinations may operate at a maximum of 95’ overall length and legal weight with up to a 40’ trailer length and load space not to exceed 68’.
- Extended Weight Table 2 and Heavy Haul Weight Table 3 may be authorized on approved routes.

All Combinations are Restricted to ORS Limits on the Roads Listed Below
