NEED FOR THE RULE(S)

The proposed amendments constitute an annual adoption of Federal Motor Carrier Safety Regulations (FMCSR), North American Standard Administrative Out-of-Service Criteria, North American Standard Vehicle Out-of-Service Criteria, North American Standard Hazardous Material Out-of-Service Criteria, North American Out-of-Service Criteria for Commercial Highway Vehicles Transporting Transuranics and Highway route controlled Quantities of Radioactive Materials, North American Standard Driver Out-of-Service Criteria, Uniform Maximum Fine Schedule, and adoptions of United States Department of Transportation Hazardous Materials Regulations. The changes are necessary to ensure Oregon's motor carrier safety, hazardous materials, driver, vehicle and hazardous materials out-of-service requirements are current with national and international standards.

The OAR 740-100-0100 adoption amendment also updates the title of the Maximum Fine Schedule to now read Uniform Maximum Fine Schedule. It also eliminates reference to the previously repealed OAR 740-100-0110.

STATEMENT IDENTIFYING HOW ADOPTION OF RULE(S) WILL AFFECT RACIAL EQUITY IN THIS STATE

These adoptions are made each year to insure that truck inspections and violation penalties are administered in the same fashion throughout the United States for all commercial motor vehicles and drivers. The safety regulations apply to every motor carrier. Further, adoption of these regulations is required to maintain federal funding. It's anticipated that the adoptions will have no to minimal impact on racial equity; however, any impact should be positive because these adoptions provide more consistency which enhances equity.

FISCAL AND ECONOMIC IMPACT:

None

COST OF COMPLIANCE:

(1) Identify any state agencies, units of local government, and members of the public likely to be economically affected by the rule(s). (2) Effect on Small Businesses: (a) Estimate the number and type of small businesses subject to the rule(s); (b) Describe the expected reporting, recordkeeping and administrative activities and cost required to comply with the rule(s); (c) Estimate the cost of professional services, equipment supplies, labor and increased administration required to comply with the rule(s).

(1) None

(2)(a) Unknown. ODOT's Commerce and Compliance Division does not know how many motor carriers are small businesses because it does not ask how many people they employ when those companies register.

(2)(b) and (c) None

DESCRIBE HOW SMALL BUSINESSES WERE INVOLVED IN THE DEVELOPMENT OF THESE RULE(S):

Fourteen groups representing small businesses received a copy of the proposed amendments and were asked to submit comments on fiscal and economic impact. No comments were received.
