AMEND: 735-063-0311

NOTICE FILED DATE: 09/29/2022

RULE SUMMARY: This rule was amended to bring Oregon's Commercial Driver License program into compliance with FMCSA regulations. In 2021 ORS 809.510 was amended to address compliance with FMCSA regulations by including receipt of DUII diversion as a basis to suspend a person's commercial driving privileges and by including "entry into a diversion program" within the definition of "conviction."

CHANGES TO RULE:

735-063-0311

Driver Records for CDL-Holders and CMV Operators; Enforcement of Federally Required CDP Suspensions

(1) This rule and OAR 735-010-0110 apply to an individual ~~with a conviction or withdrawal, as designated in section (2) of this rule, in whose driving record contains a:~~

(a) Conviction from an incident that occurred while operating a commercial motor vehicle or while holding commercial driving privileges (CDP), as described in ORS 807.018; or

(b) Withdrawal, as defined in section (12)(c)(B) of this rule.

(2) DMV adopts and incorporates by reference Appendix A: ACD Codes, Descriptions, and Abbreviations, from the AAMVA Code Dictionary Manual, r5.2.24 (effective date ~~November 30~~ March 24, 2018) as the list of conviction and withdrawal codes used in driver records for individuals subject to this rule.

(3) When DMV receives a record, report or notice of a conviction or withdrawal, DMV shall enter the appropriate code into the individual's driver records.

(4) When an individual changes the individual's state of record from another jurisdiction in the United States, DMV shall integrate the driving history from the other jurisdiction into the Oregon driver record and add any convictions and withdrawals to the Oregon driver record using the appropriate code. DMV does not integrate a driver record from non-United States jurisdictions into the Oregon driver record.

(5) DMV integrates into the Oregon driver record convictions and withdrawals received from other jurisdictions electronically through CDLIS, or by mail, fax, or email. DMV retains withdrawals in Oregon driver records for informational purposes and to allow DMV to make suspension determinations as described in sections ~~(6)~~ (7) of this rule.

~~(6) When DMV determines that either this state or another jurisdiction a withdrawal did not meet the federal requirements for state disqualification did not apply an appropriate sanction to a driver record for an offense described under 49 CFR § 384.231 when:~~

- (a) There is an absence of a withdrawal in the driver history record;¶
- (b) A withdrawal was imposed, but did not meet the federally-required minimum period; or¶
- (c) A withdrawal was imposed, but the jurisdiction was not the state of record for the entire time the withdrawal was in effect.¶
- (7) If DMV determines a sanction was not applied based on the presence or absence under section (6) of this rule that no withdrawal, or no combination of a withdrawal, in the driver history record meets the requirements of federal regulation, then DMV shall impose a CDP suspension under ORS 809.510 to 809.550 for the remaining federally-required suspension period.¶
- (8) If DMV later receives a record of withdrawal reflecting the correct sanction period, DMV shall remove its replacement sanction. If DMV determines the federally-required minimum withdrawal period, and confirmation that the other jurisdiction was the state of record for the person during the withdrawal, DMV shall remove the Oregon withdrawal imposed under section (7) of this rule.¶
- (9) DMV shall enter into CDLIS the ACD code "A20" to represent a conviction based on a DUUI diversion report under ORS 813.230, received by an individual who held commercial driving privileges in any jurisdiction on the date of the commission of the offense or who operated a commercial motor vehicle at the time of the offense.¶
- (10) DMV shall enter into CDLIS the ACD code "A20" to represent a suspension of commercial driving privileges received by an individual under ORS 809.510(1)(g) based on a DUUI diversion report under ORS 813.230.¶
- (11) Section (9) of this rule applies to DUUI diversion required.¶
- (7) For the purposes of ORS 809.510 to 809.540, a reports under ORS 813.230 for offenses occurring on or after January 1, 2023. Section (10) of this rule applies to suspensions issued by DMV under ORS 809.510(1)(g) on or after January 1, 2023.¶
- (12) The following definitions apply to this rule:¶
- (a) "Conviction" has the meaning given that term in ORS 809.510(6).¶
- (b) "Record," "report" or "notice," as used in this rule and in ORS 809.510 to 809.540, includes:¶
- (a) An entire driver record from another jurisdiction, received electronically, or by mail, fax, or email; and¶
- (b) An individual or grouped series of convictions from another jurisdiction, received electronically, or by mail, fax or email.¶
- (c) As used in this section "Withdrawal" means the following:¶
- (a) A cancellation, suspension, revocation of non-commercial driving privileges; or¶
- (b) A cancellation, suspension, revocation, or disqualification of commercial driving privileges.¶

This category includes the codes that begin with an "S". Speeding (S**) was made a separate category in order to provide a set of codes which would enable all jurisdictions to report speeding convictions with the level of detail which they possess. AAMVA recommends a jurisdiction should report speeding with the regulated or posted speed limit and actual speed, however, it is recognized that not all jurisdictions have this data available to them and codes have been provided below in 5 mph and 10 mph ranges with optional use of the conviction detail field to indicate the regulated or posted speed limit, if known. When available the regulated or posted speed limit and actual speed are held in the Conviction Offense Detail field.
