FTP Information for Speed Zone Review Panel

The process for gathering documents from the FTP site has changed. Microsoft no longer supports internet explorer (IE) and therefore it cannot be used to access to FTP site. Instead, from a windows computer please copy and paste the link below into a windows file explorer window.

ftp://ftp.odot.state.or.us/Speed_Zoning/SZRP_Hearings/20260910_MeetingDocuments/

Due to Internet Explorer being retired you will not be able to double click a document to open it, instead you will have to copy document to your local network or computer in order to open the files. The documents for each contested case are in the contested cases folder.
