Advisory Committee Position Announcement

The Oregon Department of Transportation is currently seeking a volunteer to represent Highway Division Region 1 on the Small City Allotment Advisory Committee (SCAAC).

About the Program

- The Small City Allotment (SCA) Program allocates \$5 million dollars every year to fund transportation projects for Oregon's smallest cities.
- Eligible cities must be incorporated and have a population of 5,000 or less to qualify for funding.
- Projects are selected through a competitive process with a maximum award of \$250,000 per project.
- The SCA Program does not require small cities to provide matching funds.

About the Committee

- The SCAAC consists of one representative from a qualifying small city in each of the state's five Highway Division regions.
- Committee members share opinions and perspectives regarding project selection criteria and program guidance as well as validate applications recommended for funding to the Executive Director of the Oregon Department of Transportation.
- Members are appointed for three-year terms with possibility of renewal.
- Meetings: Members must attend two required meetings per year, one in the spring to review the selection and award process, and the other in the fall to review the results and reach concurrence on the applications selected for funding. Ad-hoc meetings may be scheduled as needed. Meetings are held virtually and typically last approximately two hours.
