

Route Map 7 Legend

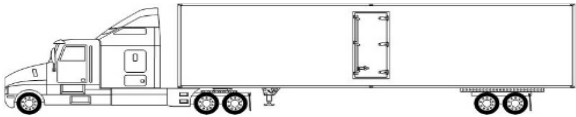

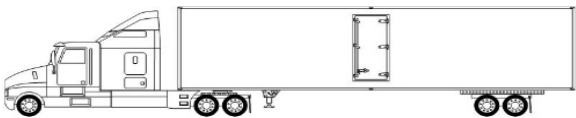

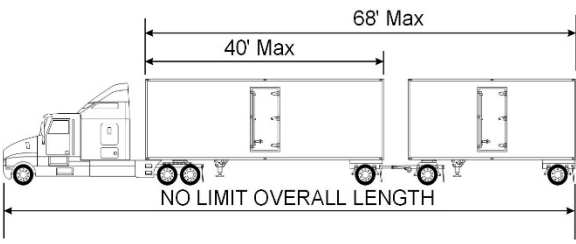

Route Map 7 displays the maximum allowable lengths for the following combination types:

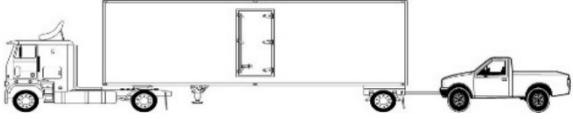

- Truck-tractor with up to 48 foot semitrailer
- Truck tractor with up to 53 foot semitrailer
- Doubles. No trailer or semitrailer shall exceed 40 feet in length. Distance from the front of the first trailer to the back of second shall not exceed 68 feet in length.
- Pickup truck and trailer (excluding Recreational Vehicles)
- Truck-tractor with up to 40 foot semitrailer, towing a passenger or light vehicle.

Additional Notes:

- Reasonable access as described in OAR 734-073-0066 is allowed up to and including one mile on highways intersecting National Network Highways (Green routes on Route Map 7), except where specifically prohibited.
- US 101 between OR 6 (Tillamook) and OR18 (Otis Junction) is to be considered a purple route for a Truck-tractor with up to a 48 foot semitrailer.
- No single vehicle in a combination shall exceed 40 feet in length except as indicated.
- The vehicle axle arrangements shown were selected for simplicity. Trucks, truck-tractors, trailers, or semitrailers may be equipped with more or fewer axles than shown.
