

# Important Notice — HB 2007

**Effective January 1, 2023:** Motor carriers located in the Clackamas, Multnomah and Washington counties with a medium-and/or heavy-duty vehicle powered by a 1996 or older diesel engine will not be able to renew their vehicle registration unless equipped with approved retrofit technology certified by Oregon Department of Environmental Quality (DEQ) and approved exemption.

## Vehicles Classified as a Medium-Duty and Heavy-Duty Vehicle

- Heavy-duty is defined as a gross vehicle weight rating greater than 26,000 pounds.
- Medium-duty is defined as a gross vehicle weight rating of 14,001 - 26,000 pounds.

Motor carriers can apply for a Diesel Retrofit Compliance vehicle exemption per [HB 2007](#) (2019) prior to the 2023 registration or renewal. The following vehicle classes are exempt and **must file** an Application for Diesel Retrofit Compliance Program Exemption form with CCD for each exempt vehicle:

- Motor vehicles registered as **farm vehicles** under the provisions of [ORS 805.300](#).
- Motor vehicles used **exclusively** as **training** vehicles.
- **Heavy-duty** trucks operated for **5,000 miles or fewer** on Oregon highways in one calendar year.
- Carriers with a fleet size of **five or fewer heavy-duty** trucks.
- Motor vehicles used **primarily to transport logs** as defined in [ORS 801.355](#).
