

Geotechnical Hydrology Environmental Science and Engineering Expert Task Group (GHE)

Member Name	Division/Branch	Title
Kira Glover-Cutter	TDD – Research	Research Coordinator
Susan Ortiz	Statewide Project Delivery, Standards	Senior Bridge Geotechnical Engineer
Cory Engel	Statewide Project Delivery, Environmental	Water Resource Program Coordinator
Christine Maguire	Statewide Project Delivery, Environmental	Terrestrial Biology Program Coordinator
Darlene Weaver	Statewide Project Delivery, Legislative	Environmental Policy and Program Advisor
Paul Wirfs	Statewide Project Delivery, Hydro Section	State Hydraulic Engineer, Unit Manager
Lu Saechao	Statewide Project Delivery, Stormwater Program	Senior Hydraulic Engineer
Curran Mohney	Statewide Project Delivery, Geology Program	Senior Engineering Geologist
Geoffrey Stephen Crook	TDD – Active Transportation Section	Environmental Program Coordinator 3
Vacant	Maintenance & Ops	Clean Water Program
Chris Glantz	Statewide Project Delivery, Geometronics Section	Deputy Chief Surveyor
Ben Leshchinsky	OSU	Professor
Cindy Callahan	FHWA	

Research Priorities

This ETG reviews any research problem statements related to geo-hydro environmental science and engineering activities statewide.

The following bullet points are areas of potential research this Expert Task Group (ETG) will pursue and examine for funding:

Geo-Hydro-Environmental Topics

- Geotechnical Engineering,
- Engineering Geology,
- Geology,

- Geomatics,
- Hydraulic Engineering,
- Hydrology,
- Water quality,
- Water Management,
- Air and Noise Quality,
- Environmental Sciences,
- Biological/physical science based sustainability and
- GHG.
