GOLD HILL PROJECT: TRAFFIC CONTROL

Rogue River Gold Hill arch bridge circa 1927.

Modern bridge construction (not Gold Hill).

FULL CLOSURE

of the bridge planned for
JUNE 2027 - MAY 2028.

It is anticipated that the contractor will begin minor road closures this spring for nighttime work.

SUNDAY - THURSDAY, BETWEEN 7 P.M. - 7 A.M.

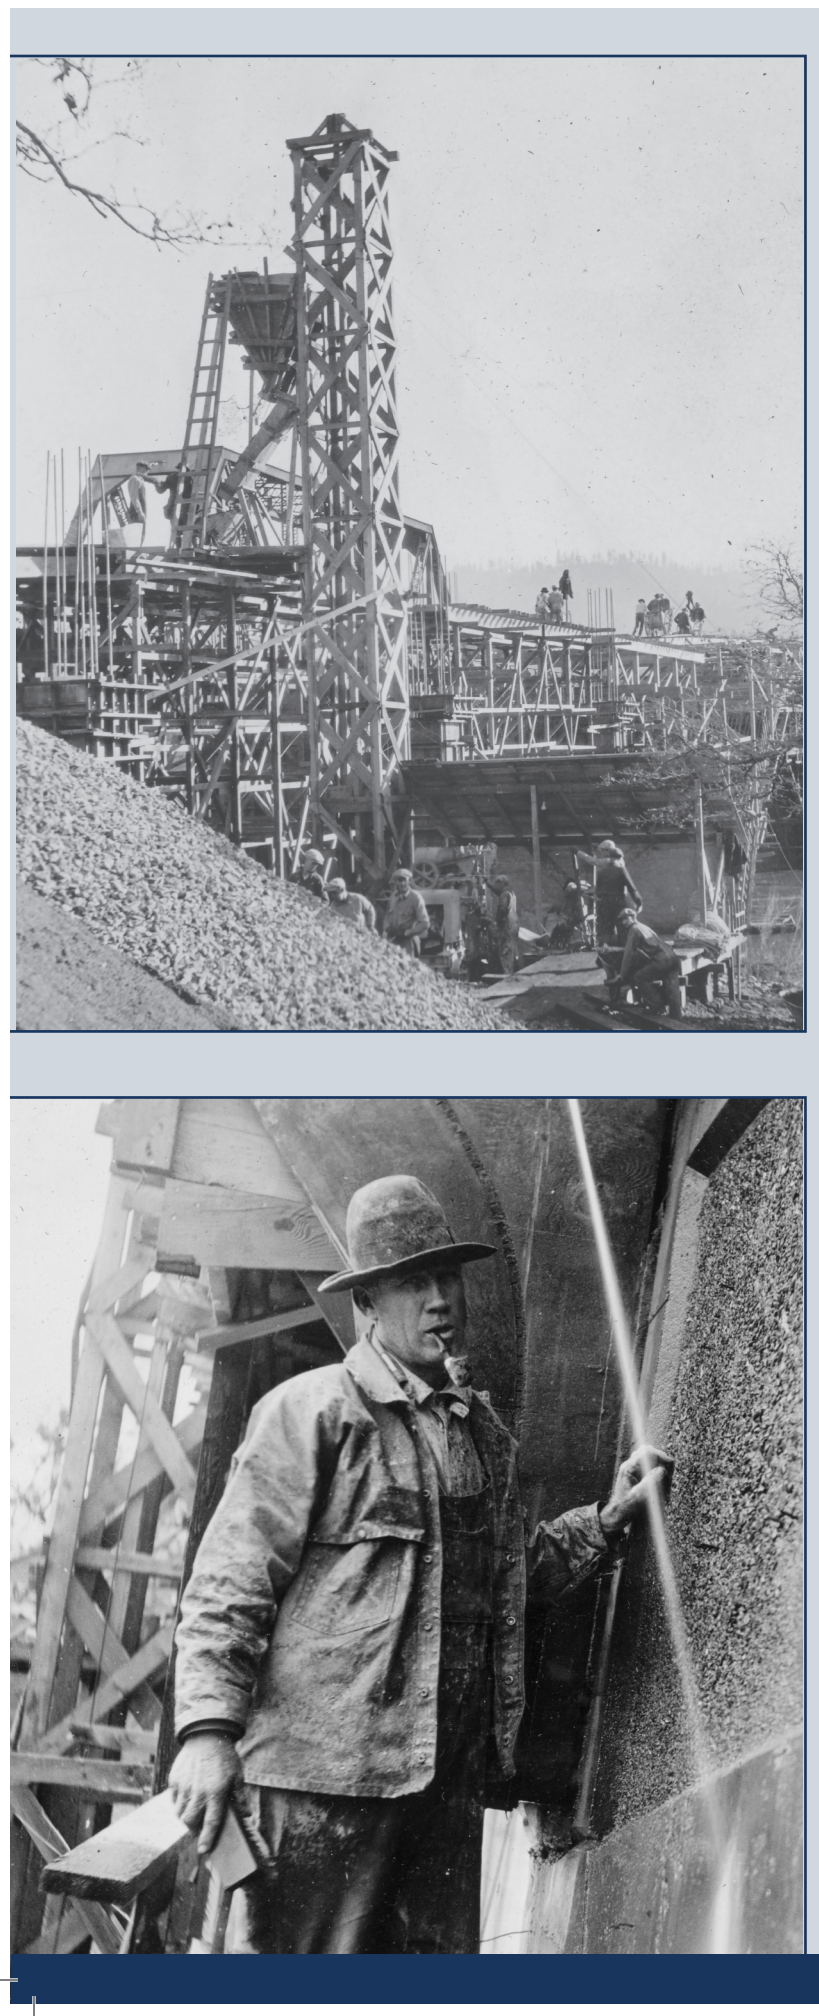

This is expected to take place prior to the full road closure for a few months as the contractor sets up equipment and prepares the project for the upcoming closure.

GOLD HILL PROJECT: PEDESTRIAN TRANSPORT VEHICLE

During the full road closure pedestrians will be accommodated through the use of a Pedestrian Transport Vehicle. This service will be provided to pedestrians daily from 8 a.m. – 10 p.m.

The transport is free of charge and will run every 20 minutes.

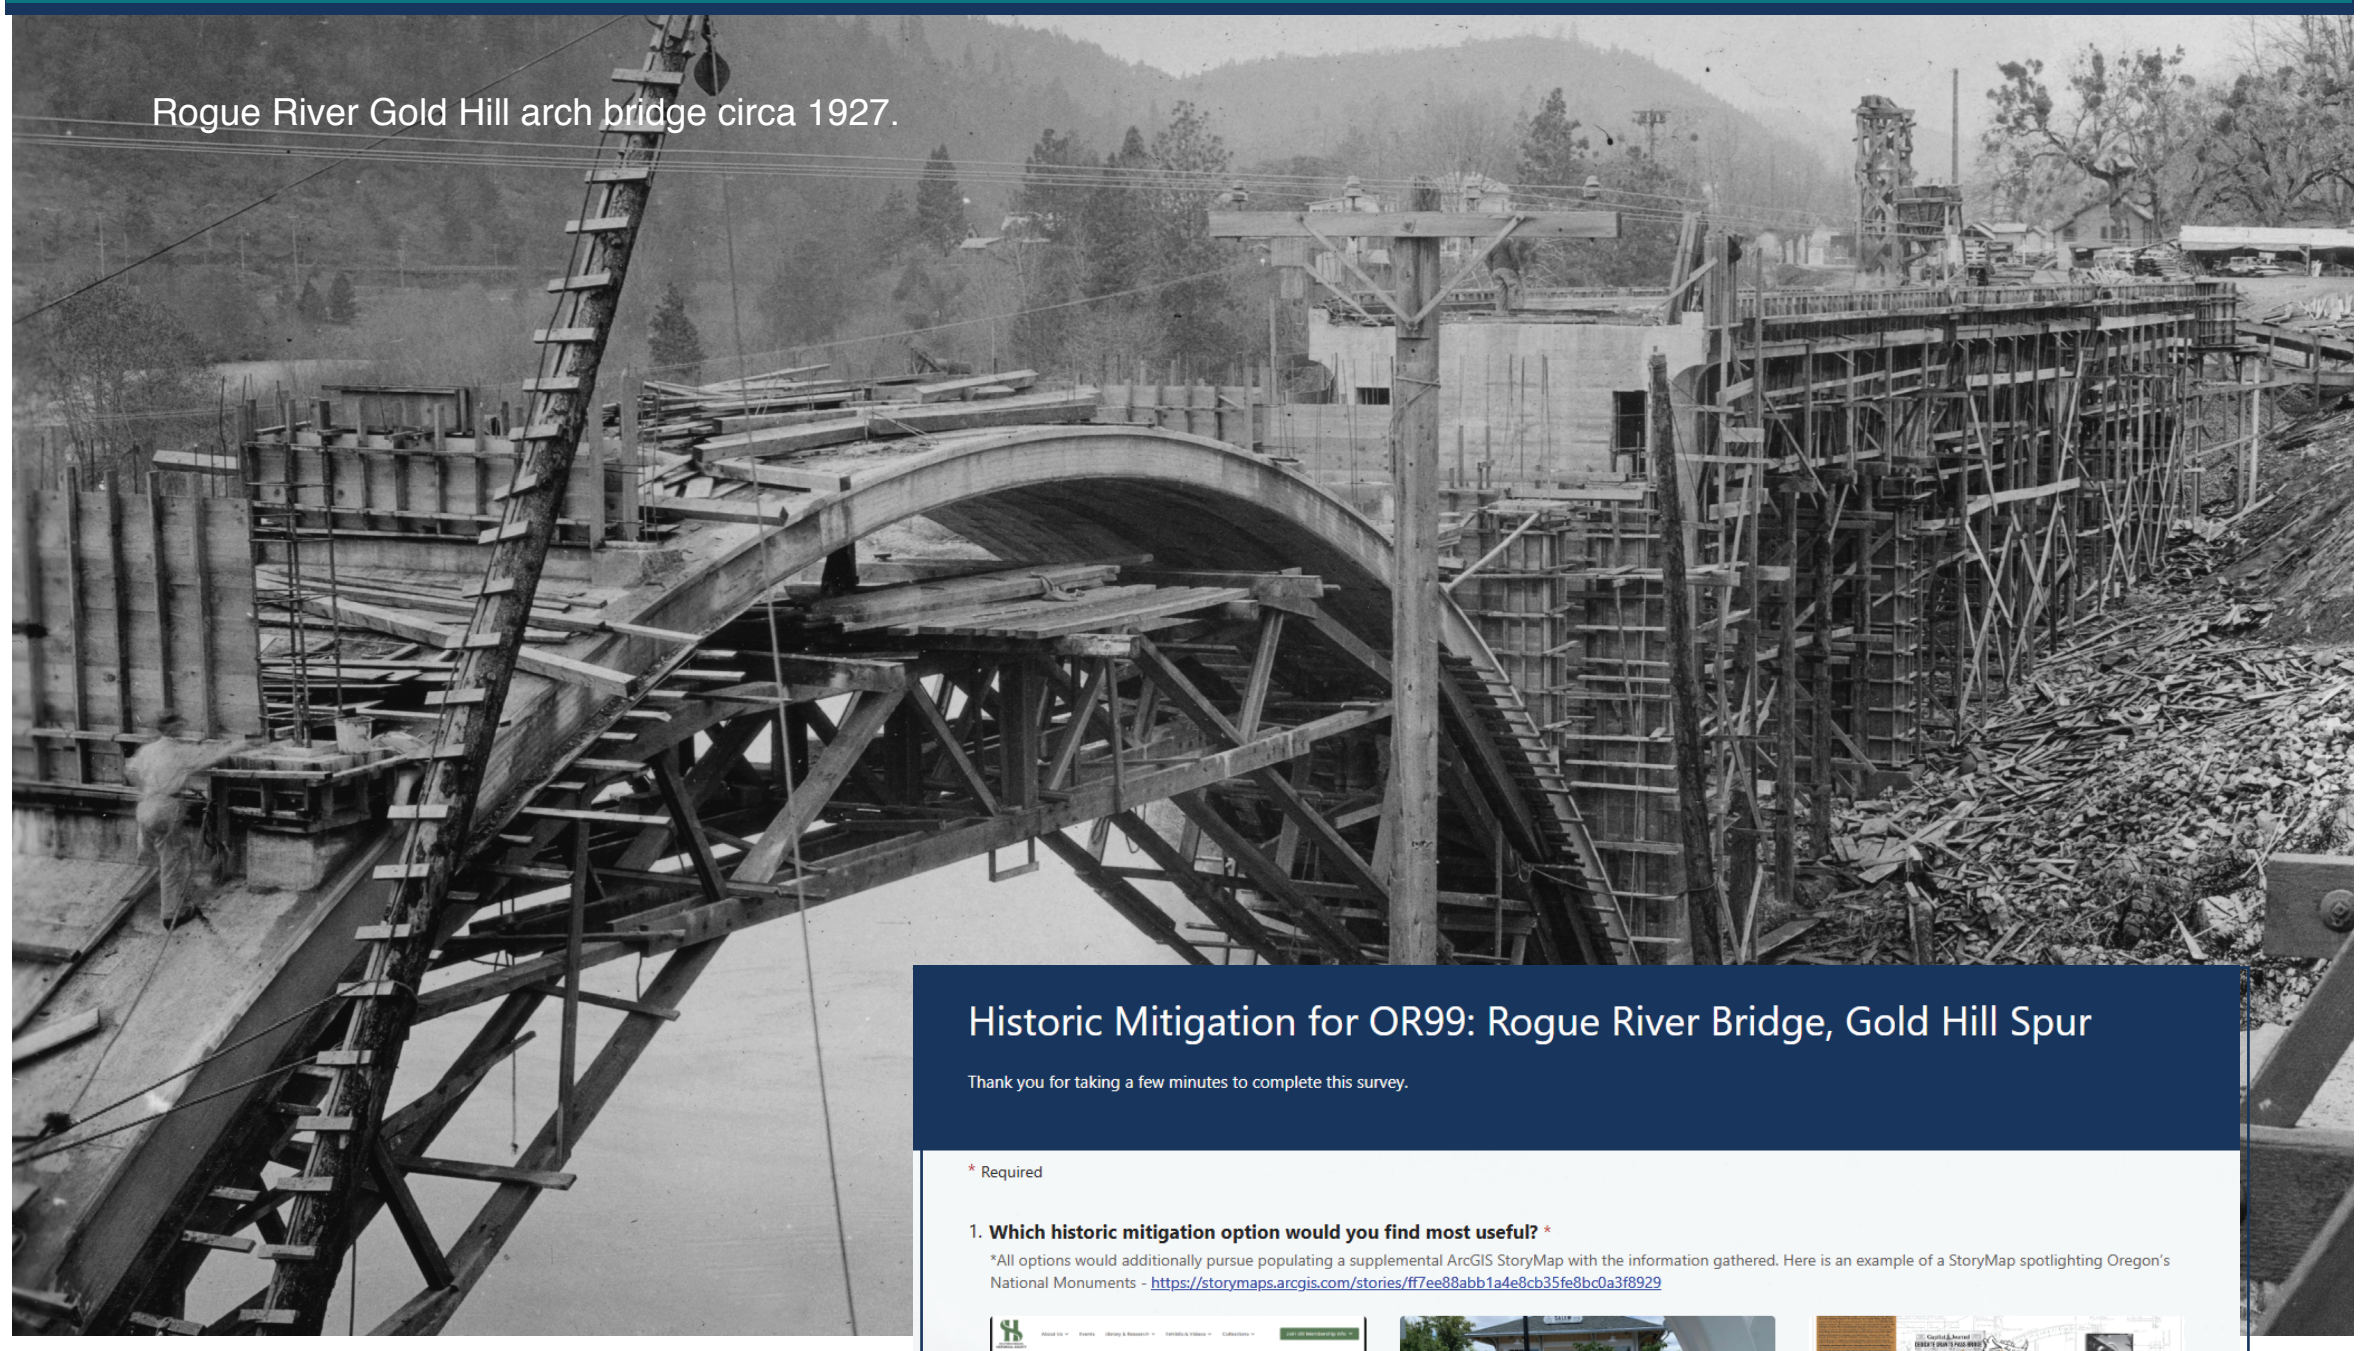

Pedestrians will be picked up/dropped off at OR99 and Dardnelles St and OR 99 and Garden Row.

GOLD HILL PROJECT: HISTORIC MITIGATION

Rogue River Gold Hill arch bridge circa 1927.

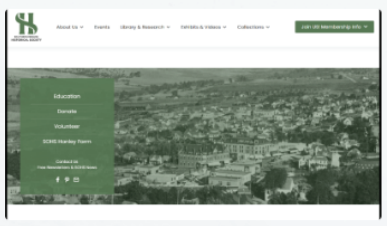

Historic Mitigation for OR99: Rogue River Bridge, Gold Hill Spur

Thank you for taking a few minutes to complete this survey.

* Required

1. **Which historic mitigation option would you find most useful?** *

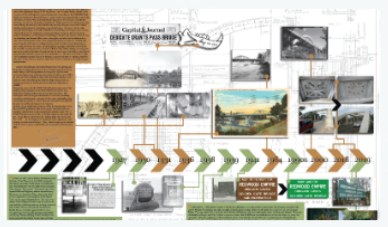

*All options would additionally pursue populating a supplemental ArcGIS StoryMap with the information gathered. Here is an example of a StoryMap spotlighting Oregon's National Monuments - https://storymaps.arcgis.com/stories/ff7ee88abb1a4e8cb35fe8bc0a3f8929

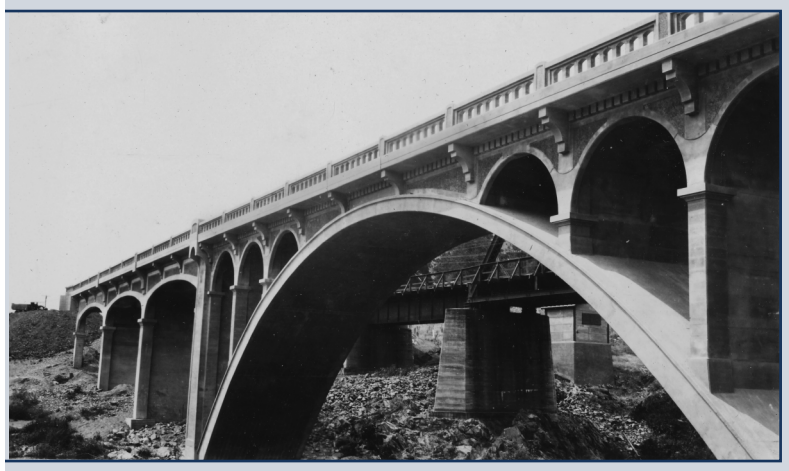

◯ **Community Stories** – Capturing oral narratives of Gold Hill residents and their experiences living in the community, which may include sharing anecdotal stories, personal memories, etc. The image shown is the Southern Oregon Historic Society webpage which could house these community stories.

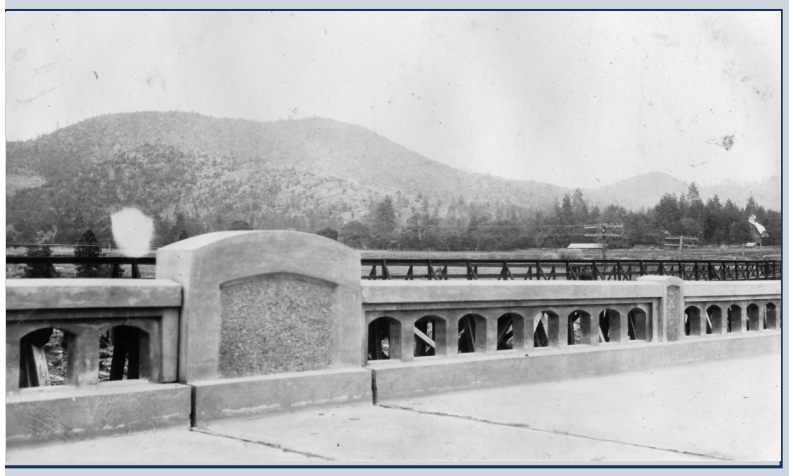

◯ **Signage** - Interpretative plaques addressing themes such as the history of the Gold Hill Bridge and its relationship to the community of Gold Hill. The Image shown is an example of an interpretative plaque used for Baggage Depot located in Salem Oregon. The Interpretative plaque(s) would be located near the bridge.

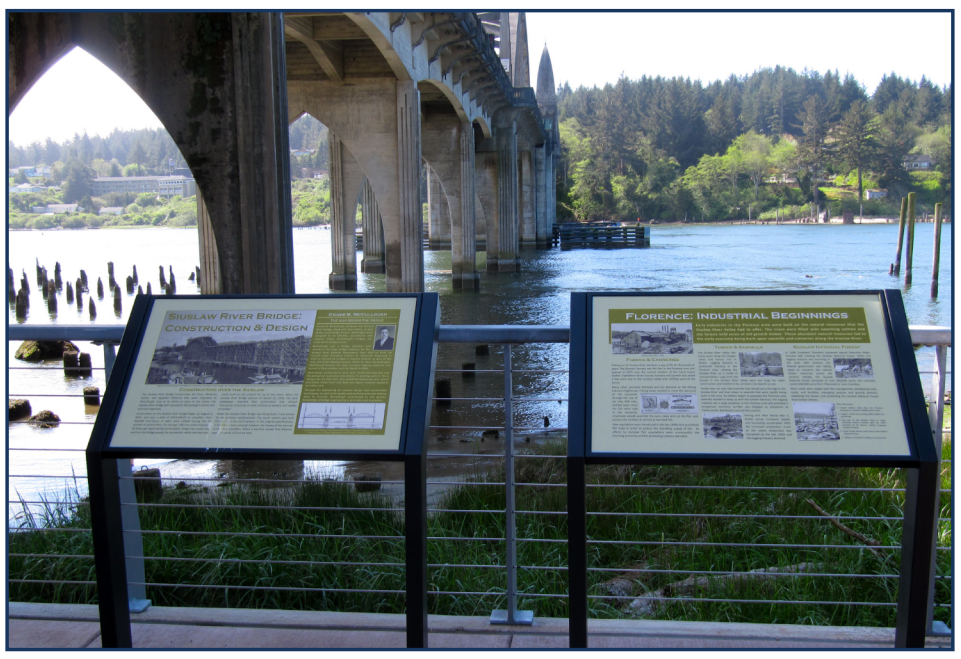

◯ **Documentation** - A detailed context capturing the historical narrative of Gold Hill. This context would intend to address such larger themes of Gold Hill's history such as its development, evolution, and resiliency over time. The image shown is an example of an Documentation used for the Caveman Bridge located in Grants Pass Oregon. The document(s) would be stored in a local repository once identified.

Tell stories in an engaged and accessible way, guiding audiences through a narrative with interactive elements to promote the story of the Gold Hill Bridge and its relationship to the community of Gold Hill.
