

PROJECT INFORMATION

About:

This section of U.S. 20 in Bend between Mervin Sampels and Greenwood Avenue is part of a primary arterial running through the city of Bend. The pavement along this corridor is showing severe rutting and wear, and several of the existing traffic signals within the corridor are beyond their functional design life.

This project calls for pavement preservation on U.S. 20 (3rd Street) from Mervin Sampels south to Greenwood Ave, including the rehab and infill of sidewalks, bike lanes, and multiuse paths and construction of new ADA curb ramps where they do not exist.

PHASE Design

SUMMARY

This project will improve mobility, access, and safety for motorists, transit riders, pedestrians, and bicyclists, while upgrading, replacing and rehabilitating aging infrastructure.

LOCATION U.S. 20/3rd St. from Empire Blvd. to Greenwood Ave. in Bend.

BUDGET \$10 million

SCHEDULE Construction - 2021
