

CONSTRUCTION STARTS JULY 2020

PROJECT OVERVIEW

This summer, ODOT will improve Interstate 205 between Abernethy Bridge in Oregon City and 82nd Avenue near the Oregon 224 interchange in Portland.

This project repaves over 4 miles of I-205, including some on- and off-ramps in the project area. ODOT will also install rumble strips in key locations to improve safety and reduce crashes.

Rumble strips are grooved patterns that make a rumbling sound and physical vibration that immediately warn distracted drivers that they are leaving their driving lane. Rumble strips allow drivers to self-correct and avoid a crash.

TRAFFIC IMPACTS

Construction will take place at night, with all lanes open during the day. Night work is necessary to keep busy daytime traffic flowing on I-205.

Work will include nighttime lane closures on I-205 in both directions. Expect nighttime ramp closures on the ramps listed below and intermittent nighttime closures on all on- and off-ramps in the project area due to paving.

NIGHTTIME RAMP CLOSURES

I-205 OR 224/82nd Drive Interchange Area

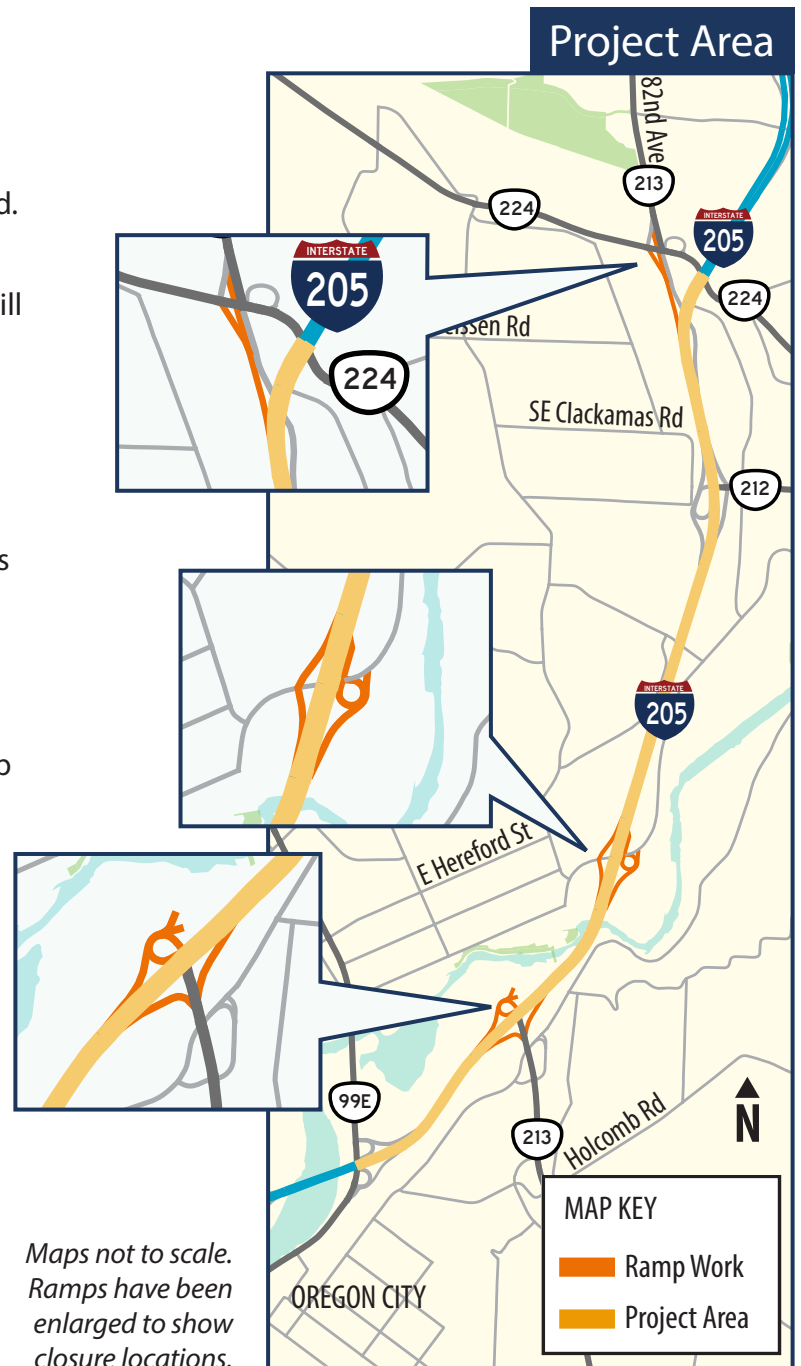

- OR 224 east on-ramp to I-205 south.
- OR 213 south to I-205 south.

I-205 82nd Drive (Gladstone)

- I-205 south to 82nd Drive (Exit 11).
- 82nd Drive on-ramp to I-205 south.
- I-205 north to 82nd Drive (Exit 11).
- 82nd Drive on-ramp to I-205 north.

I-205 OR 213 Interchange Area

- OR 213 north on-ramp to I-205 south.
- I-205 south to OR 213 south (Exit 10).
- I-205 north to OR 213 south (Exit 10).
- OR 213 north on-ramp to I-205 north.

Construction Timeline

July 2020–September 2020
