

The OR 141 (SW Hall Boulevard) ADA Ramp Improvement Project is Complete!

PROJECT OVERVIEW

The Oregon Department of Transportation invested more than \$5 million to create **safer and more accessible highway connections for all sidewalk users** along 1.25 miles of SW Hall Boulevard from SW Scholls Ferry Road to SW Locust Street.

The improvements comply with Americans with Disabilities Act (ADA) standards and improve safety and accessibility for all sidewalk users, including people using mobility devices and people with visual impairments. These upgrades create safer highway connections to housing, employment and businesses in the area.

BEFORE

AFTER

Curb ramp at the intersection of SW Hall Boulevard and SW Scholls Ferry Road before and after **ADA compliant upgrades**.

BEFORE

AFTER

End of the sidewalk near the intersection of SW Hall Boulevard and SW 92nd Avenue before and after **ADA compliant upgrades and stormwater drainage upgrades**.

BEFORE

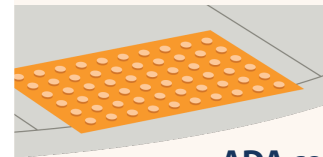

AFTER

Sidewalk curb ramps at an existing driveway before and after **ADA compliant sidewalk curb ramp upgrades**.

A \$5 Million+ investment

resulted in 1.25 miles of improvements, including:

Upgraded stormwater drains, roadway striping and signs.

67

ADA compliant sidewalk curb ramps.

12

Intersections with **improved accessibility and connections.**

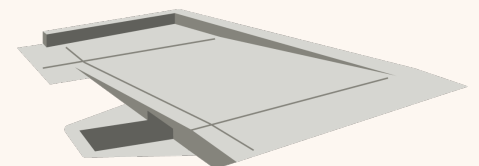

6

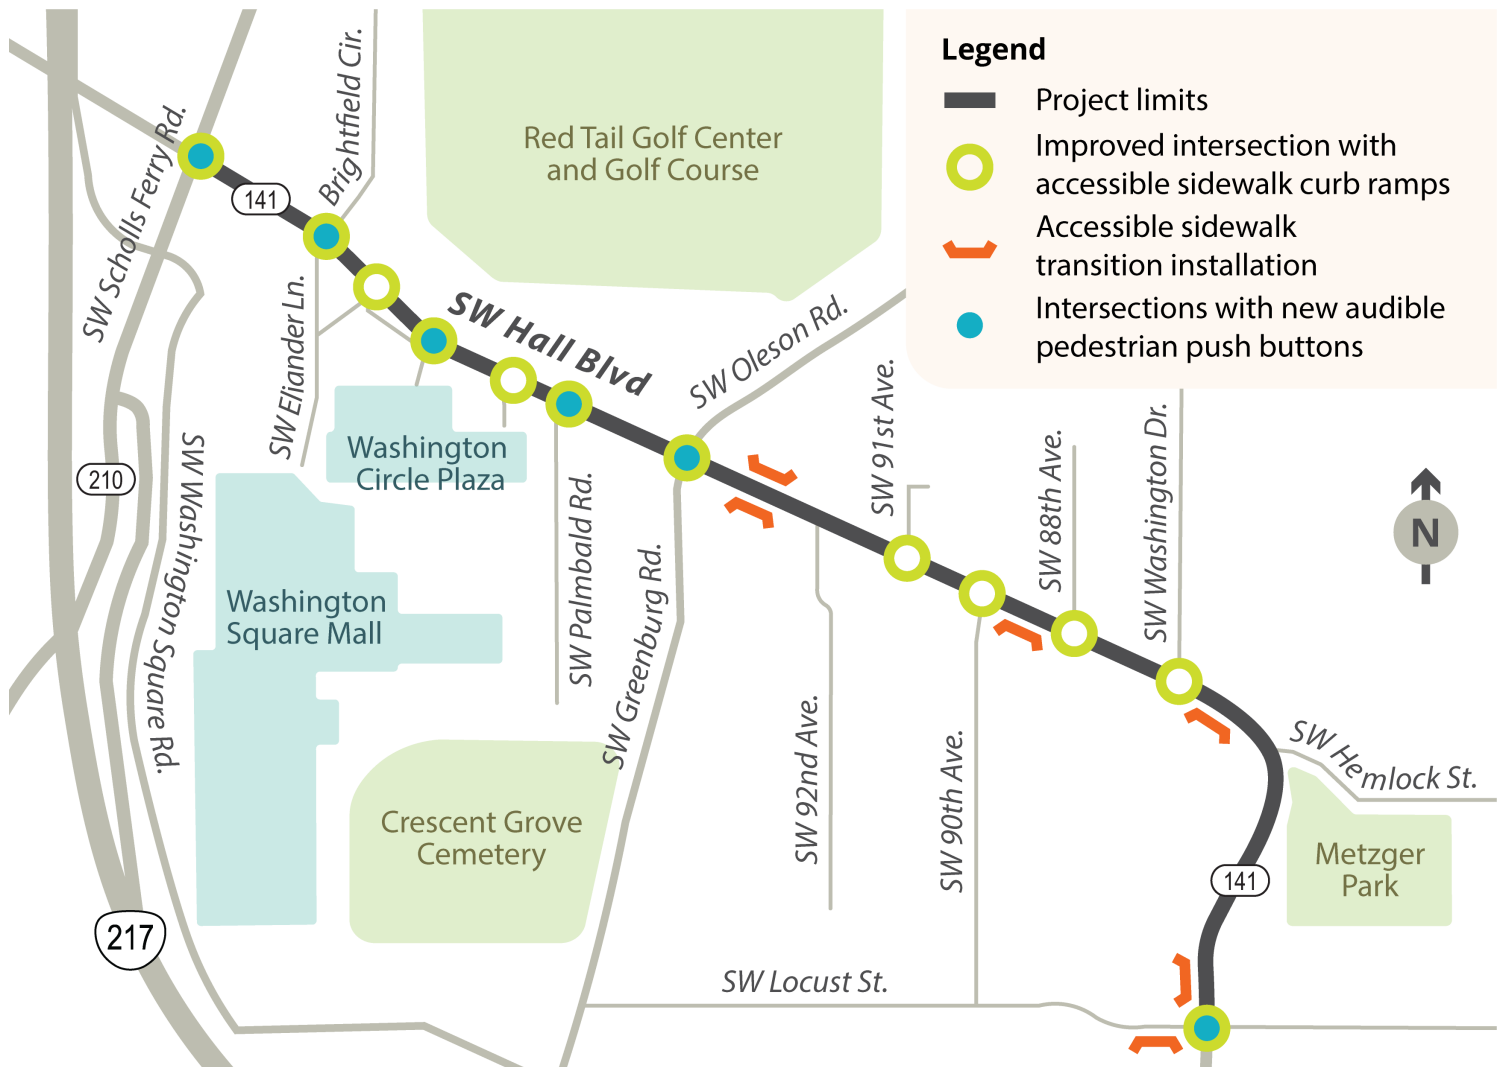

Existing signaled intersections **updated with new audible pedestrian push buttons** for visually impaired users to cross the street safely.

6

New end-of-sidewalk ramps provide accessible sidewalk transition connections.

OTHER PROJECTS IN THE AREA

Additional ODOT and partner agency project investments continue along and near Hall Boulevard. Please visit the project website for a list of other projects occurring in the corridor.
