

INTERSTATE HIGHWAYS

INTERSTATE 5 (PACIFIC HIGHWAY)

- Banfield Interchange Deck Seals**
I-5 at I-84 – This project will finish work from 2018 by applying deck seals to three ramps at the I-84 and I-5 Interchange. **The ramps from southbound I-5 to eastbound I-84 and from westbound I-84 to northbound I-5 will be fully closed at night for one week each, and the ramp from westbound I-84 to southbound I-5 will have single lane closures at night for one week.** Completion: Summer 2019. www.i84Construction.org
- Marquam Bridge Electrical and Lighting Replacement**
I-5 at Marquam Bridge – This project will replace the existing electrical and lighting systems for both the upper and lower decks of the Marquam Bridge. **Traffic impacts include nighttime temporary lane closures.** Most of the work will take place at night to reduce congestion. Completion: 2020. tinyurl.com/MarquamLighting
- I-5 RealTime Signs**
Marine Drive to I-405 – This project will install new ODOT RealTime electronic signs in seven locations along I-5 north of downtown Portland. **Traffic impacts include nighttime ramp and lane closures, two to four nighttime full closures of I-5 in both directions, and a one-week closure of the Alberta Street northbound on-ramp and southbound off-ramp.** Expect congestion and delays. Completion: Summer 2020. tinyurl.com/ODOTRealTime
- SW Terwilliger Blvd & SW Bertha Blvd On-Ramps Maintenance**
I-5 northbound on-ramps – This project will improve the load rating and maintain long-term safety on the two on-ramps to I-5 northbound. **Each of the two I-5 northbound on-ramps will be fully closed for up to 10 days. No impacts to I-5.** Completion: Summer 2019. tinyurl.com/OnRampMaintenance
- I-5 over Hood Avenue Bridge Maintenance**
OR 43/SW Hood Avenue – This project will improve the load rating and maintain long-term safety of the bridge carrying I-5 traffic over SW Hood Avenue. **Nighttime lane closures on SW Hood Avenue are expected. No impacts to I-5.** Completion: Summer 2019. tinyurl.com/HoodAveMaintenance
- I-5 Woodburn to Salem Paving Project**
Woodburn to Salem – This project will repave I-5 between Woodburn and Salem and resurface six bridges south of the Brooks Interchange. **Nighttime single and double lane closures on I-5 Sunday nights through Friday mornings. One lane will be closed from 7 p.m. to 9 a.m. and a second lane will be closed from 9 p.m. to 5 a.m.** Expect delays. Completion: Fall 2019. www.i5SalemPaving.com

INTERSTATE 84 (BANFIELD FREEWAY)

- Banfield Interchange Deck Seals**
I-5 at I-84 – This project will finish work from 2018 by applying deck seals to three ramps at the I-84 and I-5 Interchange. **The ramps from southbound I-5 to eastbound I-84 and from westbound I-84 to northbound I-5 will be fully closed at night for one week each, and the ramp from westbound I-84 to southbound I-5 will have single lane closures at night for one week.** Completion: Summer 2019. www.i84Construction.org

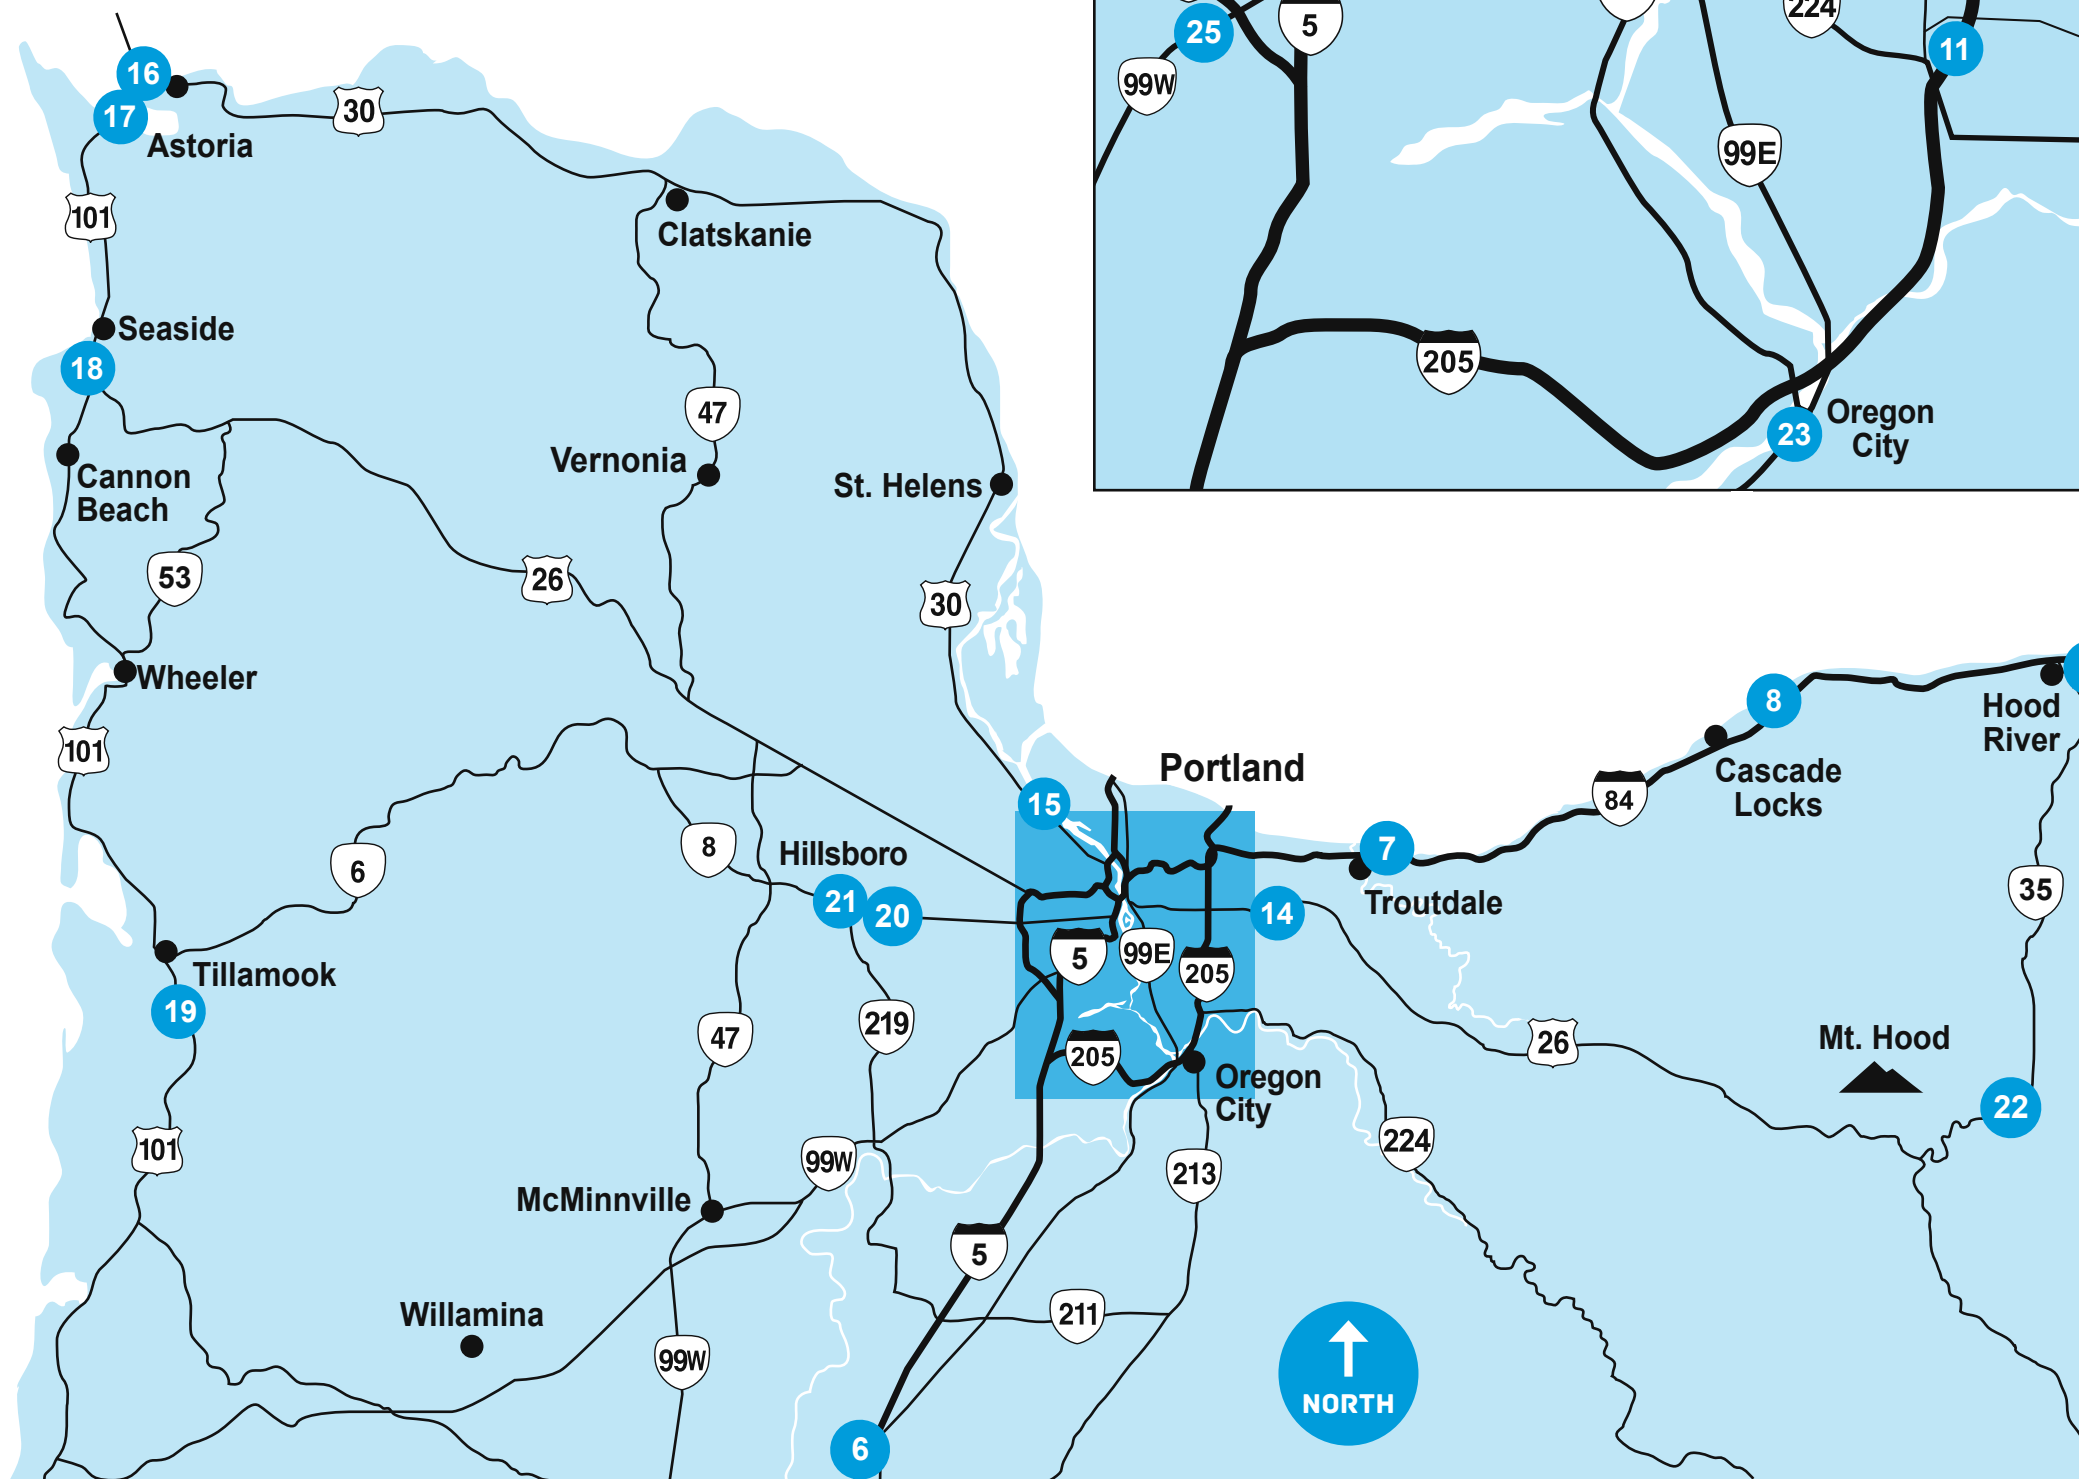

INTERSTATE 84 (COLUMBIA RIVER HIGHWAY)

- I-84 Graham Road Bridges**
Exit 17 in Troutdale – This project will replace the I-84 bridges over Graham Road in Troutdale. ODOT will raise the bridges, widen parts of Graham Road, and add a sidewalk and bike lane to Graham Road. **Intermittent closures with detours throughout the project on Graham Road, I-84, and the frontage roads.** Through traffic on I-84 will be shifted to a temporary detour bridge during construction. Completion: Winter 2020. www.i-84Troutdale.org
- Historic Columbia River Highway State Trail**
East of Cascade Locks from Wyeth to Lindsey Creek – This project will construct a new three-mile segment of the Historic Columbia River Highway State Trail from Wyeth to Lindsey Creek. **Nighttime and daytime single lane closures for eastbound I-84.** Completion: Late summer 2019. www.HistoricHighway.org
- I-84 Traffic Barrier Upgrades**
Hood River to Arlington – This project will replace roadside barriers, bridge guardrails and protective screening on I-84 from Hood River to Arlington. **There will be temporary lane closures or restrictions on bridges where railing is being replaced.** Traffic will be controlled by flaggers or detoured around the bridge during construction. Completion: Summer 2019. tinyurl.com/i-84TrafficBarriers

INTERSTATE 205 (EAST PORTLAND FREEWAY)

- I-205 Paving, Auxiliary Lanes and RealTime Signs**
The Glenn Jackson Bridge to Johnson Creek – The second year of this project will construct two auxiliary lanes, pave a section of northbound I-205, and install ODOT RealTime signs. **Periodic lane, full directional, and ramp closures throughout summer 2019. I-205 northbound will be closed between Foster Road and I-84 from 10 p.m. August 2 until 5 a.m. August 5.** Two-week closure of northbound Killingsworth Street off-ramp. Periodic full northbound and/or southbound closures overnight, including one night with the Glenn Jackson Bridge closed in both directions. Completion: Fall 2019. www.i205Construction.org/GlennJacksonToJohnsonCreek
- I-205 Northbound Auxiliary Lane**
OR 224 to Sunnybrook Boulevard/Sunnyside Road – This project will construct an auxiliary lane on I-205 northbound between the OR 244 (Sunrise Expressway) on-ramp and the Sunnybrook Boulevard/Sunnyside Road off-ramp. **Closures of up to two lanes of I-205 at night with periodic nighttime ramp closures.** Completion: Summer 2020. www.i205construction.org/sunnybrook

2019 Northwest Oregon Construction Projects

INTERSTATE 405 (STADIUM FREEWAY)

- I-405 Ramps Project**
Elevated sections on either side of the Fremont Bridge – This project will repair and replace a number of freeway joints on the elevated sections of I-405 on either side of the Fremont Bridge and at U.S. 26. **Approximately 25 weekend closures of on- and off-ramps between 2019 and 2020. Nighttime single and double lane closures, nighttime and weekend closures of ramps, weekend daytime lane closures, and full 24/7 closure of U.S. 30 eastbound to I-405 southbound from July 19-July 29.** Significant traffic delays and congestion are expected. Completion: Fall 2020. www.i405Ramps.org
- SW 12th Avenue Bridge Maintenance**
SW 12th Avenue Bridge over I-405 – This project will improve the load rating and maintain the long-term safety of the SW 12th Avenue Bridge over I-405 in downtown Portland. **No impacts to I-405. Flaggers controlling one-way traffic on SW 12th Ave.** Completion: Summer 2019. tinyurl.com/12thAveMaintenance

U.S. HIGHWAYS

U.S. 26 (POWELL BOULEVARD)

- Outer Powell Safety Improvements**
SE 122nd Avenue to SE 136th Avenue – This project will build roadway improvements on Outer Powell Boulevard including sidewalks where there are none now, better crosswalks, new curb separated bike lanes, center turn lanes, and storm drains. **During construction, two-way traffic will be maintained on Powell Boulevard with some intermittent nighttime lane closures with flaggers.** A marked pedestrian path and striped bike lane will be maintained in both directions. Traffic will be shifted to the north side of Powell Boulevard through spring and summer 2019 as construction begins on the south side of the road. Completion: Fall 2020. www.OuterPowellSafety.org

U.S. 30 BYPASS

- St. Johns Bridge Maintenance**
St. Johns Bridge – This project will improve the load rating and maintain the long-term safety of the St. Johns Bridge on U.S. 30 Bypass. **The westbound and eastbound sidewalks will each close for 30 days, one direction at a time. Sidewalk users will be detoured to the open sidewalk to cross the bridge.** Completion: Fall 2019. tinyurl.com/StJohnsMaintenance

For project information, please visit:
www.oregon.gov/ODOT

U.S. 30 (LOWER COLUMBIA RIVER HIGHWAY)

- Astoria Waterfront Bridge Replacements**
Astoria Waterfront – This project will replace multiple bridges at the Astoria Waterfront between 6th and 11th Streets and conduct stormwater improvements. **Daytime and nighttime single lane closures on weekdays.** Completion: Spring 2020. www.astoria.or.us/Waterfront_Bridges_Replacement.aspx

U.S. 101 (OREGON COAST HIGHWAY)

- New Youngs Bay Bridge Replacement**
New Youngs Bay Bridge in Astoria – This project will repair a bridge built in 1963 in need of major repairs. **Nighttime lane and full closures.** Expect delays. Completion: Fall 2021. tinyurl.com/NewYoungsBay
- U.S. 101 Pavement Preservation**
South of Seaside at Dooley Bridge to U.S. 26 – This project will resurface pavement on U.S. 101. **Night construction with brief lane closures with flaggers directing traffic.** Completion: Fall 2019. tinyurl.com/101PavingPreservation
- Farmer Creek Bridge Replacement**
Farmer Creek Bridge in Tillamook County – This project will replace a steel bridge with a new single span bridge, realign and widen the existing roadway, and replace guardrails. **Single lane closures with flagging throughout construction.** Completion: Fall 2020. tinyurl.com/FarmerCreek

STATE HIGHWAYS

OR 8 (TUALATIN VALLEY HIGHWAY)

- Pedestrian Crossing Upgrade at SE 44th/45th Avenue**
SE 44th/45th Avenue in Hillsboro – This project will improve pedestrian safety along OR 8/TV Highway between SE 44th and SE 45th avenues in Hillsboro. Improvements include a new flashing beacon and advanced warning signs, improved lighting, and upgraded ADA curb ramps. **Lane closures and intermittent crosswalk closures with pedestrian and bicycle detour signs or flaggers.** Completion: 2020. www.OR8Construction.org
- OR 8 at OR 219 Intersection Improvements**
OR 219 in Hillsboro – This project will improve safety on OR 8/TV Highway at the intersection of OR 219 in Hillsboro. Improvements include paving, new traffic signals and signs, improved lighting, upgraded ADA curb ramps, and a new southbound left turn lane at the S First Avenue and SW Oak Street intersection. **Lane closures and intermittent crosswalk closures with pedestrian and bicycle detour signs or flaggers.** Completion: 2020. www.OR8Construction.org

OR 35 (MT HOOD HIGHWAY)

- OR 35 Rockfall Work**
Mt. Hood Meadows and Polallie Creek/Cooper Spur Road – This project will remove hazard trees and loose rock, and repair existing rockfall fencing on OR 35. **One lane open in each direction near Mt. Hood Meadows and flaggers near Polallie Creek and Cooper Spur Road.** Expect delays. Trails and parking lots will be open. Completion: Fall 2019. tinyurl.com/OR35Rock2019

OR 99E (M'CLOUGHLIN BOULEVARD)

- OR 99E Railroad Tunnel Illumination**
Oregon City – This project will improve safety and visibility in the 99E/McCloughlin Boulevard vehicle and pedestrian tunnels in Oregon City by installing new lighting and updating old fixtures. It will also improve safety by installing a variable message sign south of the tunnel to alert northbound drivers of traffic conditions. **Nighttime single lane closures with flaggers directing traffic, some daytime single lane closures and 20-minute full closures at night as needed.** Expect delays. Pedestrian and bicycle access will be maintained. Completion: Summer 2019. bit.ly/OCTunnelLighting

OR 99W (BARBUR BOULEVARD)

- Access to Transit Barbur Blvd**
SW Lane Street and SW 53rd Avenue – This project will improve safety and access to transit with ADA curb ramps, sidewalk infill, a bus pad, and crossing improvements at the intersections of SW Barbur Boulevard and SW Lane Street and SW 53rd Avenue in Portland. **Temporary lane closures and traffic control with flaggers.** Completion: Summer 2019. tinyurl.com/OR99WTransitAccess

OR 99W (PACIFIC HIGHWAY WEST)

- Access to Transit Tigard**
Tigard – This project will improve safety and access to transit on Pacific Highway West at SW Commercial Street, SW Bull Mountain Road, and SW Naeve Street to SW Beef Bend Road in Tigard just southwest of the OR 99W/OR 217 interchange. Improvements include ADA curb ramps, sidewalk infill and intersection improvements. **Temporary lane closures and traffic control with flaggers.** Completion: Summer 2019. tinyurl.com/OR99WTransitAccess

During construction, pedestrian detours will be accessible to people with disabilities. For ADA (Americans with Disabilities Act) or Civil Rights Title VI accommodations, translation/interpretation services or for more information call 503-731-4218, TTY 800-735-2900 or Oregon Relay Service 7-1-1.
