

I-105 & the Beltline/Delta Interchange Project Ramp and Lane Closures in 2020

Your drive is going to get better ... but there's work to do first. Here's a summary of what is underway, what to expect, and when. Always be sure to *know before you go* and visit TripCheck.com.

Delta Highway/Beltline Overpass

Spring 2020: Expect a 6-week ramp closure with slight detour. Build new overpass, reconfigure ramp connecting northbound Delta Highway to eastbound Beltline Highway.

Goodpasture Island On-ramp

Winter – Spring 2020: Expect nighttime ramp closures, one weekend closure, and daytime lane shifts. Reconfigure on-ramp. Reconstruct and pave to provide more merging space between Goodpasture Island on-ramp and Beltline/Delta interchange.

Southbound Delta Highway On-ramp to Westbound I-105

March 2020: Expect complete ramp closure for 8 weeks. Replace bridge rails, resurface, and seismically reinforce the on-ramp.

Willamette River Bridge Repairs

Winter – Spring 2020: Expect lane restrictions through work zone. Replace bridge surface in both directions.

NOTE: All schedules subject to change

Headed downtown?

Expect heavier than usual traffic in and around the Coburg Road and Ferry Street Bridge areas.

Taking your car? Here are some options:

- **Heading south on I-5:** Take Exit 197b (City Center) follow I-105 to Jefferson Street.
- **Heading north on I-5:** Take I-5 Exit 192 to downtown along Franklin Boulevard.
- **Heading west:** Use I-5 to I-105 and travel safely through the work zone or take Hwy 126 through Springfield.
- **Heading east:** Use West 11th Avenue to West 7th.
