

U.S. 26: Necanicum Junction - Nehalem River Bridge

Clatsop County, OR

Project Description

This project make improvements and repaves the highway between Necanicum Junction and the Nehalem River Bridge.

Purpose And Need

This is a major tourist route from Portland to the Seaside and Cannon Beach areas of the coast. The pavement layers are separating, requiring regular patching.

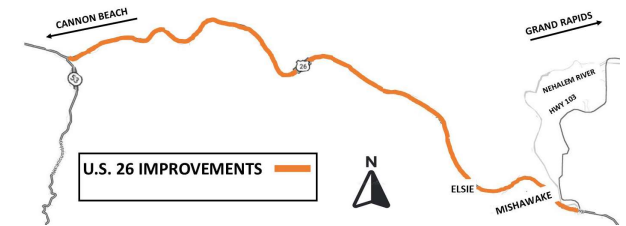

Proposed Solutions

This project replaces the top pavement layers with three inches of asphalt, installs new or modified guardrail where needed, adds new striping, new signs and stormwater treatment.

Anticipated Benefits

This project will:

- Improve the surface of the highway, giving users a smoother ride.
- Replace the failing pavement layers, preserving the foundation of the highway.
- Reduce maintenance costs and efforts.
- Reduce impacts to travelers from frequent maintenance activities.

Design: 2019 - 2020

Construction: 2021

Cost

Total Funding	\$15,298,000
