

# S. 6th Street (OR 39) Signal Replacement at Homedale (Klamath Falls)

Klamath County

## Project Description

To rebuild the traffic signal at South 6th Street and Homedale Rd.

## Anticipated Benefits

The new signal will meet current standards, be structurally sound, adhere to ADA requirements, and can support and implement automated traffic performance measures.

The upgraded traffic signal will improve safety and travel efficiency for everyone.

*ODOT crews installing a new traffic signal*

## Purpose and Need

The current traffic signal does not meet current standards.

## Proposed Solutions

Rebuild traffic signal with communication capabilities, optimized dedication, illumination and current infrastructure standards.

## Estimated Project Cost

Estimated Total	\$2,516,861
