

Statewide Transportation Improvement Fund Allocation Estimate, August 2024

Introduction

ODOT has completed an update to the Statewide Transportation Improvement Fund (STIF) allocation estimate. We will continue to update forecasts as we receive revised economic data. This update to the STIF forecast reflects the consolidation with the Special Transportation Fund designated by Senate Bill 1601. Revenues from cigarette taxes, ID card fees, and the non-highway gas tax are included with the payroll tax revenues. This forecast includes payroll shares and populations for 2022 and reflects expected revenues to be received.

Estimate Assumptions

ODOT can distribute only the revenue it receives, which may be more or less than this estimate, up to each individual Qualified Entity's (QE) approved STIF Plan funding limit for STIF Formula (i.e. "plan maximum"). Further, ODOT is prohibited from distributing funds to a QE that does not have an OTC approved STIF formula plan. Distributions typically represent tax collections from two quarters prior; for example, the July distribution (FY 25 Q1) is largely comprised of taxes collected from January through March (FY 24 Q3). Updated estimates for the Formula, Discretionary, and Intercommunity Discretionary funds for FY 24-25 (23-25 biennium) and forecasts for FY 26-27 are summarized in the table below.

STIF Fund	Estimate for FY 24-25	Forecast for FY 26-27
Formula (distributions)	\$230.9 M	\$243.4 M

The tables summarize the estimated Formula fund revenues available to each QE based on the date of distribution by fiscal year. There are tables for the consolidated program, the population based formula, and payroll based formula. Population based formula funds must be dedicated to transportation services for older adults and individuals with disabilities.

Estimate Calculation Method

- Fees and other taxes grow at a nominal historic rate,
- Department of Revenue collection and administration costs are deducted from the gross revenue,
- PTD Program administration costs and projects of statewide significance are deducted per ORS 184.758,
- The result is multiplied by 90% to determine the projected Formula Fund net total,
- The projected net total is multiplied by the QE payroll shares resulting in QE revenue estimates,
- QE payroll shares are calculated using the most current annual payroll data from the Oregon Employment Department, with adjustments made to ensure each QE receives the minimum allocation

NOTE: The remaining ten percent of STIF funds collected is dedicated to the Discretionary Fund (five percent), Intercommunity Discretionary Fund (four percent), and the Technical Resource Center (one percent).
