Statewide Transportation Improvement Fund (STIF)

Advisory Committee

of

Malheur County BY-LAWS

Pursuant to the Consent of Malheur County, dated on the 4th day of December 2019; the By-Laws of the Statewide Transportation Improvement Fund (STIF) Advisory Committee were amended as follows, effective as of such date:

RESOLVED, title of the advisory committee has been corrected from State Transportation Improvement Fund to Statewide Transportation Improvement Fund and will be known as such throughout the entire body of the By-Laws.

RESOLVED, that Article 1, paragraph 1, is amended to show as "High Percentage of Low Income Households: An area of Malheur County is determined to have a high percentage of low income households when it contains a percentage of households at 200% of Federal Poverty Level or below that exceeds the State of Oregon's average as a whole. The 2016 Five Year American Community Survey indicates that approximately 26.8% of Oregon's households are living at 200% of Federal Poverty Level or below; at 42.9% of its households being counted under the same metric, Malheur County is determined to be an area with a High Percentage of Low Income Households."

RESOLVED, Article 2, Section 3 (b), is amended to show as "Gather data and seek public input regarding low-income households within the County, including those within the corporate limits of municipalities within the County, and make and publish a determination of where those communities exist for purposes of guiding the STIF Plan. It shall be the responsibility of the Advisory Committee to gather data and to seek public input, and to make a determination as to the areas of Malheur County in which there exist high percentages of low-income households, and to publish said determination in its Committee minutes and printed public materials.
