

CTSI

Planning Department

TO: Maggie Charles, Arla Miller
FROM: Pam Lind, Tribal Planner
DATE: March 10, 2021
RE.: STIF Plan Modifications Req.: Issue 3

It looked like our Transit Website updates were still in process. Those updates regarding the transit advisory committee (we call it the Siletz Tribal Transit System Committee) are completed.

The transit committee, which is comprised of Tribal staff who cover a wide range of community service areas, has been communicating by consensus and topic through internal email. I have uploaded and provided to them templates which are consistent with more formal agendas and minutes used by other Tribal committees (and which are consistent with the STTS bylaws.)

Also, notifications to the community are provided to the Tribal newsletter which goes out to the 5,500 Tribal members (3,500 are Oregon residents.)
