

Southwest Oregon Region
District 8 Preservation Project
State Transportation Improvement Program 2018-'21

US 199: OR 99 - Applegate River Bridge

Agency

ODOT/ Construction in 2019

Estimate:

\$7.36 million

Problem:

The pavement has fatigue cracking and a relatively thin thickness. If allowed to continue, the asphalt roadway will continue to degrade.

Scope:

Single lift (1R) project by grinding out the existing open grade mix and replace it with new dense grade asphalt surface.

This excludes the recent paving from the U.S. 199 Fairgrounds Signal and U.S. 199 Expressway projects.

From MP -.69 to 6.92
