

ADA Program

In 2017, ODOT began work to bring 25,000+ curb ramps into compliance with Americans with Disabilities Act (ADA) standards over the next fifteen years. People with disabilities and everyone who uses sidewalks along the state transportation system will benefit from upgrades to existing curb ramps and pedestrian signals, and new ADA-compliant curb ramps and pedestrian signals where there are none currently.

ADA		\$164,440,000
