Project Description
Installs ODOT RealTime Variable Advisory Speed Signs, or VAS, and truck warning signs on Interstate 5 (Pacific Highway) to warn drivers of conditions ahead.

Purpose And Need
This section of I-5 has a history of crashes and rollover trucks due to the curves of the road, downhill grade and congestion. These signs will alert drivers to conditions ahead.

Proposed Solutions
- Install Variable Advisory Speed and truck warning signs on I-5 as needed to alert drivers of conditions.

Anticipated Benefits
- Increased safety by reducing crashes, queuing and congestion by providing drivers information about travel conditions ahead.

Cost
- Operations: $5,810,644
- State Highway Leverage: $2,091,534
- Estimated Total Cost: $7,902,178

Project location on I-5 south of downtown Portland.

ODOT - Multnomah County
I-5: Marquam Bridge - Capitol Highway
