US30: Bridal Veil Falls Bridge
ODOT - Multnomah County

Purpose And Need
The historic bridge structure is aging and deteriorating. It needs to be repaired and strengthened in order to continue carrying traffic on the Historic Highway.

Proposed Solutions
• Strengthen the bridge so it can continue carrying traffic on the Historic Highway.
• Repair any structural damage and replace the bridge deck.

Anticipated Benefits
• Increased lifespan of the 100-year-old structure through restoration efforts.
• Reduced potential for restricting vehicle weights on the structure in the future.

Project Description
Repairs the US30 (Historic Columbia River Highway) bridge near Bridal Veil Falls in the Columbia Gorge by strengthening the structure and repairing the bridge deck, or surface, to extend the lifespan of the historic structure.
