**US26: Glencoe Rd - Cornelius Pass Rd**
**ODOT - Washington County**

**Project Description**
Replaces US26 (Sunset Highway) between NW Glencoe Road and NW Cornelius Pass Road and resurfaces bridge decks, or surfaces.

**Purpose And Need**
This section of highway experiences heavy traffic and the pavement is showing signs of wear and rutting since it was last paved in 2009. Replacing the highway will extend its lifespan and smooth out the ride for travelers.

**Proposed Solutions**
- Repave the highway and resurface the bridge decks, or surfaces.

**Anticipated Benefits**
- Eliminated ruts and a smoother ride for travelers with new pavement.
- Resurfaced bridge decks, or surfaces, extend the lifespan of the structure, smooth out the ride for travelers and ensure the travel surface does not rapidly deteriorate.

**Cost**
