## Weekly Construction Update: July 24-31, 2021\*

*\*Schedules are subject to change due to weather and site conditions.*

Sat. 7/17	Sun. 7/18	Mon. 7/19	Tues. 7/20	Wed. 7/21	Thurs. 7/22	Fri. 7/23	Sat. 7/24
I-5: Ln, ramp closures (Wilsonville Road to I-205); Multnomah on-ramp to I-5 N closed, Ln closures							
I-84: Exit 58 closed							
I-205: Ln, ramp closures (Division)							
I-405: no traffic impacts							
US 26: Ln, shoulder closures (Cornell Rd-Sylvan, Sandy-Mt. Hood); Shoulder closures (Sandy)							
US 30: no traffic impacts							
US30BY: Turn Ln closures (Fiske-Boston)							
OR 8: no traffic impacts							
OR 35: no traffic impacts							
OR 99W: no traffic impacts							
OR 127: no traffic impacts							
OR 211: Ln closures in Molalla							
OR 212: Ln closures (I-205-U.S. 26)							
OR 213: no traffic impacts							
OR 224: Ln closures (2 <sup>nd</sup> Avenue to Acacia Road)							
Region wide: Ln closures on I-5 at Ainsworth Street, U.S. 26 at the Ross Island Bridge and 185 <sup>th</sup> Avenue, I-84 east of I-205, I-84 and U.S. 30 in Cascade Locks, I-205 in West Linn							

*Schedules are subject to change due to weather and site conditions*

The following highways have projects included in this week's construction report. Scroll down to see traffic impacts in the following order (interstate, U.S., and state highways).

## Interstate 5 – Pacific Highway – Rose Quarter Investigations

**Project Description:** This project will conduct utility mapping, hazardous materials and soil sampling in the I-5 Rose Quarter Improvement Project area along I-5.

**Traffic Impacts:** No traffic impacts.

**Project website:** [www.i5RoseQuarter.org](http://www.i5RoseQuarter.org)

## Interstate 5 – Pacific Highway – Paving from I-205 to Wilsonville (21T035134)

**Project Description:** ODOT is repaving 5 miles of I-5 between the I-205 interchange and the Boone Bridge over the Willamette River.

**Traffic Impacts:** Periodic nighttime lane closures on I-5 north and south between Wilsonville Road and the I-205 interchange weekdays.

**Project website:** <https://bit.ly/PavingI-5>

## Interstate 5 – Pacific Highway – SW Portland Ramp Improvements (21T062779)

**Project Description:** ODOT is improving the I-5 bridge at SW 26th Avenue and repairing three ramps that access I-5 in SW Portland. These structural improvements will maintain and extend the life of our roadway system and give travelers a smoother ride.

**Traffic Impacts:** Nighttime single or double lane closures on I-5 in both directions between SW Multnomah Boulevard and SW Barbur Boulevard.

Expect daytime and nighttime lane closures at the Multnomah Boulevard on-ramp to I-5 north.

**Project website:** <https://bit.ly/swi-5repair>

## Interstate 84 – Columbia River Highway – Mitchell Point Tunnel (21T027255)

**Project Description:** The iconic Mitchell Point Tunnel was a highlight of the original Historic Highway, but the construction of Interstate 84 destroyed the tunnel. Now, we are constructing a new tunnel and Historic Highway State Trail segment adjacent to I-84 east near Exit 58.

**Traffic Impacts:** I-84 Exit 58 to Mitchell Point Overlook closed around-the-clock.

**Project website:** <https://www.oregon.gov/odot/projects/pages/project-details.aspx?project=HCRHMP>

## Interstate 205 – East Portland Freeway – Exit Ramps at Division Street (21T026585)

**Project Description:** ODOT is improving safety around the intersection of I-205, SE Division Street and SE 96th Avenue through lane and ramp reconfigurations, signal improvements, new accessible curb ramps, and buffered bike lanes.

**Traffic Impacts:** 24/7 closure of the I-205 north off-ramp to Division Street from 10 p.m. Friday, July 23 to 5 a.m. Thursday, July 29.

Nighttime short-term closures of the intersection at SE Division Street and SE 96<sup>th</sup> Avenue on Wednesday, July 28. Daytime lane closures on Division Street. Pedestrian detours.

**Project website:** <https://tinyurl.com/i205DivisionRamps>

**Interstate 205 – East Portland Freeway – Paving** (20T057692)

**Project Description:** ODOT will improve Interstate 205 between the Abernethy Bridge in Oregon City and SE 82nd Avenue near the Oregon 224 interchange by repaving over 4 miles of I-205 as well as installing rumble strips.

**Traffic Impacts:** No traffic impacts.

**Project website:** <https://www.oregon.gov/odot/projects/pages/project-details.aspx?project=20508>

**U.S. 26 – Sunset Highway – Cornell Road to Sylvan interchange paving project** (21T022307)

**Project description:** We are improving approximately six miles of U.S. 26 (Sunset Highway) by repaving in both directions from Cornell Road to the Sylvan interchange, including several on- and off-ramps. We are also repairing bridges and bridge joints in the project area and upgrading curb ramps at each repaved on- and off-ramp to meet Americans with Disabilities Act (ADA) standards.

**Traffic impacts:** Nighttime single and double lane closures from 8:30 p.m. to 5:30 a.m. Sunday through Friday nights. Daytime shoulder closures.

**Project website:** [bit.ly/us26pavingcornelltosylvan](http://bit.ly/us26pavingcornelltosylvan)

**U.S. 26 – Mt. Hood Highway – sidewalk curb ramps** (21T026855)

**Project Description:** This project rebuilds sidewalk curb ramps along U.S. 26 in Sandy between Royal Lane and Revenue Avenue to meet ADA accessibility standards. Work will be complete the end of 2021.

**Traffic Impacts:** Periodic shoulder closures with pedestrian detours.

**Project website:** [www.R1ADA.org](http://www.R1ADA.org)

**U.S. 26 – Mt. Hood Highway – Paving from Weber to Cherryville** (21T055103)

**Project Description:** ODOT is paving 2.1 miles of U.S. 26 between Weber Road and East Cherryville Drive east of Sandy in 2021. This project will also improve safety by replacing 1,000 feet of guardrail, upgrading 8,000 feet of median cable barrier, and replacing signs, striping and rumble strips in the area.

**Traffic Impacts:** No traffic impacts.

**Project Website:** <https://tinyurl.com/US26PavingAtCherryville>

**U.S. 26 – Mt Hood Highway – Paving from Zigzag to Rhododendron** (20T065748)

**Project Description:** This project will repave 2.5 miles of U.S. 26 between East Lolo Pass Road in Zigzag and East Arlie Mitchell Road in Rhododendron to smooth out the ride on a heavily traveled corridor. This project will also improve safety by replacing rumble strips, raising 2,400 feet of guardrail.

**Traffic Impacts:** No traffic impacts.

**Project website:** <https://tinyurl.com/US26PavingAtRhododendron>

-- more --

**U.S. 30 BY – N Lombard Street – Safety Project** (21T008799)

**Project description:** ODOT is building safety and travel-time predictability improvements for all travelers along U.S. 30 Bypass/North Lombard Street between North Fiske Avenue and North Boston Avenue. Construction impacts include lane closures through summer 2022.

**Traffic impacts:** Turn lane closures at some intersections 24/7. Periodic daytime lane closures. Pedestrian detours.

**Project website:** [bit.ly/LombardSafetyProject](http://bit.ly/LombardSafetyProject)

**Oregon 211 – Woodburn-Estacada Highway – Pedestrian and Bike Improvements** (20T088866)

**Project Description:** ODOT, in partnership with the City of Molalla, is making pedestrian and bicycle improvements in Molalla along the north side of Oregon 211 between Oregon 213 and North Hezzie Lane. This project will enhance safety, operations, and efficiency for people walking, biking, driving, rolling, and using transit in the area.

**Traffic Impacts:** Daytime lane closures with flaggers directing traffic from 7 a.m. to 5 p.m. weekdays.

**Project Website:** <https://tinyurl.com/OR211improvements>

**Oregon 211 – Woodburn-Estacada Highway – sidewalk curb ramps** (21T047096)

**Project Description:** This project rebuilds sidewalk curb ramps along OR 211 in Molalla between Ridings Avenue and Mathias Road to meet ADA accessibility standards.

**Traffic Impacts:** No traffic impacts.

**Project website:** [www.R1ADA.org](http://www.R1ADA.org)

**Oregon 212 – Clackamas-Boring Highway – Improvements** (19T110043)

**Project Description:** This project on OR 212 from I-205 to U.S. 26 through Damascus and Boring includes paving, upgrading accessible sidewalk ramps and installing a new bridge at North Fork Deep Creek. Work will be complete in fall 2021.

**Traffic Impacts:** Day and nighttime lane closures on OR 212 between I-205 and U.S. 26.

Daytime lane closures with traffic shifts from 8 a.m. to 4 p.m. weekdays. Nighttime lane closures, traffic shifts and flaggers directing traffic from 8 p.m. to 6 a.m.

**Project Website:** [www.OR212Improvements.org](http://www.OR212Improvements.org)

**Oregon 224 – Clackamas Highway – sidewalk curb ramps** (21T052722)

**Project Description:** This project rebuilds sidewalk curb ramps along OR 224 in Estacada.

**Traffic Impacts:** Daytime periodic traffic shifts, shoulder closures and pedestrian detours between 2nd Avenue and SE Acacia Road.

**Project website:** [www.R1ADA.org](http://www.R1ADA.org)

-- more --

## All ODOT highways – Region 1 LED Replacement Project

**Project Description:** This project will replace over 8,000 roadway lights with light-emitting diode (LED) lights on ODOT roads throughout Region 1, which includes Multnomah, Clackamas and Hood River Counties and eastern Washington County.

**Traffic Impacts:** Nighttime lane closures in the U.S. 26 east ramp to I-405 south, the Glisan Street on-ramp to I-84 west, and the I-84 east ramp to I-205 north.

Possible signed detours.

**Project Website:** <https://tinyurl.com/odotR1LEDpilot>

## Various Highways – Region 1 Rumble Strips

**Project Description:** This project will install approximately 400 miles of rumble strips across 17 highways in the Portland metro area. These important safety treatments significantly reduce fatal and serious crashes on highways when drivers inadvertently depart their travel lane. Work will be complete in fall 2021.

**Traffic Impacts:** No traffic impacts.

**Project website:** <https://tinyurl.com/rumblesafety>

## Various Highways – Portland metropolitan bridge screening and rail retrofit (21T057740)

**Project Description:** This project will improve safety on twelve bridges over ODOT highways in the Portland metro area by installing new fencing that will prevent fallen or thrown objects from hitting the highways below. We will also install new railings on four bridges to bring the bridges up to current safety standards. Bridges are in Portland, Hillsboro, Milwaukie, Boring, and Lake Oswego and Tigard.

**Traffic impacts:** No traffic impacts.

**Project website:** [tinyurl.com/r1BridgeScreening](https://tinyurl.com/r1BridgeScreening)

## Tips for driving safely in work zones

An inattentive driver is the most common cause of work zone crashes. Drivers and their passengers — not workers — make up the majority of work zone fatalities. What you can do:

- **SLOW DOWN!**
- **Pay attention**
- **Obey signs and flaggers**

**Know before you go!** Call 511 or visit [www.TripCheck.com](http://www.TripCheck.com) to check routes, work zones and road and weather conditions before you head out.
