Weekly Construction Update: May 16-23, 2026*

**Schedules are subject to change.*

The following highways have projects included in this week's construction report. Scroll down to see traffic impacts in the following order (interstate, U.S., and state highways).

| Sat. 5/16 | Sun. 5/17 | Mon. 5/18 | Tues. 5/19 | Wed. 5/20 | Thurs. 5/21 | Fri. 5/22 | Sat. 5/23 | |
|---|--------------|---|---------------|--------------|----------------|--------------|--------------|--|
| I-5: Ramp and lane closures (Rose Quarter). | | | | | | | | |
| | | I-84: Shoulder closures (I-5 to Hood River). Lane, ramp closures (McCord Creek Bridge). Lane closures, flagging on the I-84 Jordan Rd. overpass. | | | | | | |
| | | I-205: Lane and ramp closures (Oregon City and West Linn). | | | | | | |
| | | U.S. 26/Powell Blvd.: Lane closures, turning restrictions. (East Portland). | | | | | | |
| U.S. 30: Ln Closures(Wahkeena-Multnomah Falls). | | | | | | | | |
| | | OR 8/Canyon Road: Lane closures(Hillsboro, Beaverton). | | | | | | |
| | | OR 99E: Lane, ramp closures and pedestrian detours (Oregon City) | | | | | | |
| | | OR 43: Lane, ramp closures and pedestrian detours (West Linn). | | | | | | |
| OR 213/82nd Avenue: Lane closures (SE Foster to Lindy). | | | | | | | | |
| | | OR 217: No impacts. | | | | | | |
| | | OR 224: Lane closures, pedestrian detours. (Milwaukie). | | | | | | |
| Region wide: Lane closures and pedestrian detours (various) | | | | | | | | |

Schedules are subject to change. There may be additional impacts for maintenance or permitted work.

Interstate 5 – Pacific Highway – I-5 Rose Quarter Improvement Project

Project Description: We are improving safety and congestion where I-5, I-84 and I-405 converge and reconnecting the Albina neighborhood by constructing a highway cover over a portion of I-5.

From summer 2025 through late 2026, we are constructing new stormwater facilities, repairing the concrete deck in a section of I-5, completing a seismic retrofit, extending an existing merging lane on SB I-5 and constructing a new sign structure.

Traffic Impacts: Ramp and nighttime lane closures on I-5.

- **Overnight closures of I-5 southbound right lane** between Moda Center and Morrison Bridge nights of **May 18-22** from 10p.m. to 5a.m. for striping and replacement of bridge railing. Travelers heading south on I-5 will be able to use the open lane.
- **Overnight closures of I-5 southbound ramp to I-84 eastbound (Exit 301)** nights of **May 18-20** from 10p.m. to 5a.m. for striping and replacement of bridge railing. Travelers on I-5 southbound trying to reach I-84 eastbound will be detoured to I-405 southbound.
- **Overnight closures of I-5 southbound ramp to Morrison Bridge/OMSI (Exit 300B)** nights of **May 18-20** from 10p.m. to 5a.m. for striping and replacement of bridge railing. Travelers on I-5 southbound trying to reach the Morrison Bridge will be detoured to I-405 southbound. Access from I-84 westbound to the Morrison Bridge will be open.
- **Closure of I-84 off-ramp to NE Holladay St** near the Oregon Convention Center and Moda Center for construction of sign bridge foundations. The ramp will be closed 24/7 from **May 15 to June 8**. Access from I-84 to I-5 NB will remain open. Vehicles will be detoured to I-5 Exit 302A to NE Weidler St.

Interstate 84 – Columbia River Highway – McCord Creek Bridge 25T021517

Project Description: We are preparing to replace the aging bridge that carries I-84 east over McCord Creek near Warrendale in 2025-2026. Replacing the bridge will eliminate a dip in the roadway and increase safety, earthquake resilience, and the lifespan of the highway.

Traffic impacts: Travelers can expect around the clock eastbound and westbound lane closures on I-84 at McCord Creek Bridge.

There will be one lane open in each direction with traffic control crossing over the median. The I-84 onramp at NE Frontage Road is closed.

Project website: www.i84gorgeconstruction.org

Interstate 84: (Multi-Use Path) Jordan Road Tunnel - Sandy River (26T005569)

Project Description: We're building a new multi-use path parallel to Jordan Road (near I-84 at Exit 18) from the pedestrian tunnel under I-84 to the Sandy River Delta, increasing safer connections for people who walk, bike or roll.

Traffic Impacts: Daytime periodic lane closures on Jordan Road, with flaggers directing traffic.

Project website: www.i84gorgeconstruction.org

Interstate 84 - I-5 to Hood River All Roads Transportation Safety (ARTS) Project (26T005562, 26T005563)

Project Description: We're improving safety and visibility at multiple I-84 interchange ramps between downtown Portland and Hood River by installing new lights, upgrading traffic signal heads, trimming overgrown vegetation and upgrading existing signs through fall 2026.

Traffic Impacts: Daytime shoulder closures.

Project website: www.i84gorgeconstruction.org

Interstate 205 – East Portland Freeway – Improvements Project Phase 1A Abernethy Bridge (22T046983)

Project Description: The I-205 Improvements Project is upgrading the Abernethy Bridge — a critical link on I-205 connecting West Linn and Oregon City — to withstand a major earthquake. We are also realigning I-205 interchanges at OR 43 and OR 99E, making safety improvements for people biking, walking and rolling and building a new sound wall in Oregon City.

- Traffic Impacts: Lane and ramp closures in Oregon City and West Linn.
- Nighttime ramp closures
 - I-205 northbound to OR99E (Exit 9 NB) Monday through Thursday from 10:00 pm to 5:00 am.
 - OR43 to I-205 northbound Monday through Tuesday from 10:00 pm to 5:00 am.
 - I-205 Southbound to OR43 (Exit 8 SB) Monday through Thursday from 10:00 pm to 5:00 am.
- Nighttime lane closures
 - I-205 northbound Monday and Tuesday from 10:00 pm to 5:00 am.
 - I-205 southbound Wednesday and Thursday from 10:00 pm to 5:00 am.
 - OR 99E Northbound Lanes Monday and Tuesday 10:00 pm to 5:00 am.
- Flagging
 - Main St Monday through Saturday 7:00 am to 5:30 pm.

Project website: i205corridor.org

U.S. 26 – Powell Boulevard – Outer Powell Transportation Safety Project (22T075374)

Project Description: We are constructing safety improvements to help people travel Outer SE Powell Boulevard more safely from SE 99th Avenue to SE 122nd Avenue and SE 136th Avenue to just east of SE 174th Avenue (the Portland/Gresham city limits). The first phase, from SE 122nd Avenue to SE 136th Avenue, is complete.

The overall Outer Powell Project will add a center turn lane, sidewalks and bike lanes. These improvements reduce the frequency and severity of crashes as well as help people driving, taking transit, walking and biking share the road with fewer conflicts. Road construction began in spring 2025 and is planned for five years.

Traffic Impacts: Lane closures, traffic shifts, shoulder closures and up to 20-minute traffic holds 8:00 a.m. to 5:00 p.m., weekdays. Temporary sidewalk closures with accessible pedestrian detours.

Possible nighttime work with closures. Travelers can expect congestion during construction. Alternate routes are available. Flaggers may be directing traffic.

Project website: www.OuterPowellSafetyProject.org

U.S. 30 – Historic Columbia River Highway – Multnomah Falls Viaducts (24T016894, 25T077964)

Project Description: Two 100 year-old elevated roadways that provide access to Multnomah Falls require repairs to continue providing access to one of Oregon's most iconic sites. The elevated roadways – called viaducts – carry vehicles and bicycles to the Falls and Lodge from the Historic Columbia River Highway. The east viaduct will be closed fall 2025 through spring 2026. Restoration work to the west viaduct on the Historic Columbia River Highway (U.S. 30) between Wahkeena Falls and Multnomah Falls was completed in May 2025.

Traffic Impacts: A section of the Historic Columbia River Highway/U.S. 30 between Multnomah Falls and the Oneonta Trailhead reopened Friday. Periodic lane closures expected until 9 a.m. each day.

I-84 is open. Use I-84 Exit 31 or take transit to visit Multnomah Falls. There is no vehicle, pedestrian or bicycle access to Multnomah Falls heading westbound on the Historic Highway from Exit 35. The Oneonta trailhead is open to hikers, with limited parking.

Project website: www.i84GorgeConstruction.org

U.S. 30 BY – NE 42nd Avenue Bridge Replacement (26T031500)

Project Description: Closures are required for the [NE 42nd Avenue Bridge Replacement](#), which will make a seismically safe crossing for an emergency route and provide better access for freight, pedestrians, and people biking on the bridge and NE Lombard Street below the span.

Traffic Impacts: No impacts on U.S. 30 BY.

U.S. 30 BY – Bridge over Private Drive (26T028034)

Project Description: This project restores the bridge on NW Bridge Ave. northwest of the St. Johns Bridge, connecting to U.S. 30.

Traffic Impacts: No Impacts

Website: <https://www.oregon.gov/odot/projects/pages/project-details.aspx?project=21704>

U.S. 30 BY – St. Johns Bridge – Bridge Repair (22T088503)

Project Description: We are improving the long-term safety and lifespan of the St. Johns Bridge by repairing the concrete on the pier columns and arches under the bridge. Repairing the concrete will protect the bridge's steel internal frame and reinforcements from corrosion, maintaining the service life of this beloved Portland Historic Landmark.

Traffic Impacts: No traffic impacts.

Project website: <https://www.oregon.gov/odot/projects/pages/project-details.aspx?project=37899>

OR 8 – TV Highway – Pedestrian improvement project in Hillsboro and Forest Grove (26T029640)

Project Description: This safety improvement project in three locations on OR 8 in Hillsboro and Forest Grove includes new sidewalks, an enhanced pedestrian crosswalk, new lighting and upgraded traffic signals.

Traffic Impacts: No traffic impacts.

Project website: OR8construction.org

OR 8 – Canyon Road – Pedestrian improvement project in Central Beaverton (25T104181)

Project Description: This partnership project between ODOT, City of Beaverton and Metro will improve pedestrian safety on SW Canyon Road (OR 8) from SW Hall Boulevard to SW Cedar Hills Boulevard in Central Beaverton by adding two new crosswalks, a flashing beacon, new lighting and a landscaped center median.

Traffic Impacts: Nighttime lane closures (8:00 p.m. to 5:30 a.m.) on Canyon Road, Monday through Friday.

Project website: OR8construction.org

OR 127 Cornelius Pass – Cornelius Pass Hwy & U.S. 30 ITS Improvements (26T023598)

Project Description: The Cornelius Pass Hwy & U.S. 30 ITS Improvements Project focuses on making Cornelius Pass Highway (Highway 127), between U.S. 26 and U.S. 30, safer and more efficient for travelers. The project includes upgrades to lighting, signal equipment, and signage, as well as new intelligent transportation system (ITS) devices such as traffic cameras, variable message signs, and an activated intersection warning system, bringing it up to the latest Oregon Department of Transportation (ODOT) standards.

Traffic Impacts: No traffic impacts.

Project website: tinyurl.com/CorneliusPassUS30

OR 224 – SE 17th Ave and Rusk Rd

Project description: ODOT is improving safety, paving between SE 17th Avenue and SE 37th Avenue and performing bridge improvements to OR 224 between SE 17th Ave and Rusk Rd.

Traffic impacts: Daytime lane closures on OR 224 in Milwaukie. Sidewalk closures with accessible pedestrian detours.

Project website: tinyurl.com/OR224-17toRusk

OR 224 Maintenance Repairs (26T010908)

Project Description: Repairs are being made on OR 224 at milepost 36.7 (approximately 10 miles east of Estacada) after a winter storm event in December.

Traffic Impacts: No traffic impacts expected.

Various Highways – ADA curb ramp construction (Phases 1, 2, 3, 6, Sandy/Molalla)

Project Description: We are bringing over 1,100 sidewalk curb ramps into compliance with Americans with Disabilities Act (ADA) accessibility standards on various highways in Region 1.

Traffic Impacts: Lane closures for ADA curb ramp work.

Daytime lane closures and pedestrian detours

- OR 8 in Hillsboro at SW 2nd, SW Bailey St., SE 9 Ave., SE 6 Ave.
- U.S. 26 at SW Scholls Ferry Rd. , SE Palmquist Rd., and SE 11 St.
- I-84 ramps at NE 238 Ave.
- OR 99E in Oregon City

Nighttime lane closures and pedestrian detours

- SE Powell Blvd. at SE 8 - 32 Avenues.

All-hours shoulder closures, pedestrian detours and bikes sharing the roadway

- U.S. 26 in Sandy at Industrial Way, Ruben Lane, Bluff Rd., Strauss Ave., Wolfe Dr., Highway 211, Alt Ave.
- U.S.26 in Molalla at Metzler Ave., Center Ave., Engle Ave., Berkley Ave., S. Cole Ave., Stowers Road.

Project website: r1ada.org

Tips for driving safely in work zones

An inattentive driver is the most common cause of work zone crashes. Drivers and their passengers — not workers — make up the majority of work zone fatalities. What you can do:

- **SLOW DOWN!**
- **Pay attention.**
- **Obey signs and flaggers.**

Know before you go! Call 511 or visit <http://www.TripCheck.com> to check routes, work zones and road and weather conditions before you head out.
