Weekly Construction Update: October 17-24, 2020*

**Schedules are subject to change due to weather and site conditions.*

The following highways have projects included in this week's construction report. Scroll down to see traffic impacts in the following order (interstate, U.S., and state highways).

Sat. 10/17	Sun. 10/18	Mon. 10/19	Tues. 10/20	Wed. 10/21	Thurs. 10/22	Fri. 10/23	Sat. 10/24
I-5: Interstate Bridge night Ln closures lifts; Ln, ramp closures (OR 217-Boone Br)							
I-84: Ln closures on Graham Road; Ln closure in Hood River							
I-205: Ln, ramp closures (I-5-OR 213, Abernethy Bridge-OR 224, Glenn Jackson Br)							
I-405: Ramp, Ln closures							
US 26: Ln closures (122nd-136th Ave); Ln closures (Zig Zag-Rhododendron & Timberline to OR 35)							
US 30: no traffic impacts							
US30BY: no traffic impacts							
OR 8: Ln closures Baseline, 1st Avenue, Oak St							
OR 35: Ln closures with flagging (Timberline-Sherwood Campground)							
OR 99W: Ln closures at Tualatin River Bridge							
OR 99E: no traffic impacts							
OR 212: Ln closures (U.S. 26 to I-205)							
OR 217: Ln, ramp closures (72nd Ave to I-5)							
OR 224: no traffic impacts							
Region wide: no traffic impacts							

Schedules are subject to change due to weather and site conditions

Interstate 5 – Pacific Highway – Interstate Bridge Trunnion Replacement (20T062475)

Project Description: The northbound span of the Interstate Bridge closed from Sept. 19-27, 2020 as crews replaced mechanical parts that help lift and lower the bridge. The Interstate Bridge is located on I-5 where it connects Oregon and Washington across the Columbia River.

Traffic Impacts: Periodic nighttime lane closures in both directions of I-5 and on I-205 over the Glenn Jackson Bridge.

For more information: www.interstatebridge.org

Interstate 5 – Pacific Highway – Rose Quarter Investigations

Project Description: This project will conduct utility work in the I-5 Rose Quarter Improvement Project area including nearby local streets between N Monroe and NE Lloyd.

Traffic Impacts: Short-term nighttime lane closures on Holladay Street, Multnomah Street, Vancouver Avenue, Weidler Street and Broadway Street Monday through Thursday.

Project website: www.i5RoseQuarter.org

Interstate 84 – Columbia River Highway – Graham Road (19T005241)

Project Description: This project replaces the two I-84 bridges over Graham Road (Exit 17) in Troutdale and widens Graham Road and constructs a sidewalk and bike lane.

Traffic Impacts: Periodic daytime lane closures with flagging and shoulder closures on Graham Road weekdays.

For more information: www.i-84Troutdale.org

Interstate 84 – Hood River Bridges Repair (20T016489)

Project Description: ODOT is repairing and replacing bridge decks on the structures carrying I-84 over Hood River (between Exit 63 and Exit 64).

Traffic Impacts: One lane of I-84 east is closed 24/7. Watch for traffic shifts.

Project website: tinyurl.com/HoodRiverBridgesRepair

Interstate 205 – East Portland Freeway – Northbound Auxiliary Lane at Sunnybrook (19T009611)

Project description: ODOT is improving safety and operations on Interstate 205 by building a northbound auxiliary lane between the Oregon 224 (Sunrise Expressway) on-ramp and the Sunnyside Road/Sunnybrook Boulevard interchange exit ramp (Exit 14).

Traffic impacts: No traffic impacts.

For more information: www.i205construction.org

Interstate 205 – East Portland Freeway – RealTime Information Signs Installation (19T113957)

Project Description: This project will install five traveler information signs on I-205 between I-5 and OR 213.

Traffic Impacts: Periodic nighttime single lane closures in both directions between 8 p.m. and 5 a.m. weekdays. Daytime shoulder closures.

Project website: www.i205corridor.org

-- more --

Interstate 205 – Abernethy Bridge to SE 82nd Ave – Paving (20T057692)

Project Description: ODOT will improve Interstate 205 between the Abernethy Bridge in Oregon City and SE 82nd Avenue near the Oregon 224 interchange by repaving over 4 miles of I-205 as well as installing rumble strips.

Traffic Impacts: Periodic nighttime single lane closures between 8 p.m. and 5 a.m. Daytime shoulder closures.

Project website: <https://www.oregon.gov/odot/projects/pages/project-details.aspx?project=20508>

Interstate 405 – Stadium Freeway – Ramp repairs (19T025461)

Project description: ODOT is repairing and replacing a number of freeway joints on the elevated sections of Interstate 405 on either side of the Fremont Bridge and from I-405 north to U.S. 26 west. Major traffic impacts will occur in 2019 and 2020.

Traffic impacts: Periodic nighttime ramp closures between 8 p.m. and 5 a.m. weekdays.

Periodic nighttime ramp closures on the following ramps: I-405 north ramp to I-5 south, I-5 south ramp to I-405 south, U.S. 30 ramp to I-405 south, U.S. 30 ramp to I-405 north, I-405 north ramp to U.S. 26 west.

For more information: www.i405ramps.org

Interstate 405 – Stadium Freeway – Flanders Crossing (City of Portland) (20T057613)

Project Description: PBOT is constructing a bridge over I-405 at NW Flanders St. A full closure of I-405 will occur in November 2020 to place the bridge.

Traffic Impacts: Nighttime lane closure on the NW Everett Street on-ramp to I-405 south 8 p.m. to 8 a.m. through Monday, Oct. 26.

Project website: www.portland.gov/transportation/flanders

U.S. 26 – Powell Boulevard – Outer Powell Safety (19T033601)

Project Description: This project will construct roadway improvements on Powell Boulevard from SE 122nd Avenue to SE 136th Avenue to address the high rate of collisions on Outer Powell for the past several years. The purpose of this project is to increase safety for people who walk, drive, take the bus and ride bikes, making Outer Powell a safer place for everyone.

Traffic Impacts: Daytime lane closures from 7 a.m. to 5 p.m.

For more information: www.outerpowellsafety.org

U.S. 26 – Mt Hood Highway – Paving from Zigzag to Rhododendron (20T065748)

Project Description: This project will repave 2.5 miles of U.S. 26 between East Lolo Pass Road in Zigzag and East Arlie Mitchell Road in Rhododendron to smooth out the ride on a heavily traveled corridor. This project will also improve safety by replacing rumble strips and raising 2,400 feet of guardrail.

Traffic Impacts: Lane closures with flaggers directing traffic from 7 a.m. to 5 p.m. weekdays.

Project website: <https://tinyurl.com/US26PavingAtRhododendron>

-- more --

U.S. 26 and OR 35 – Mt Hood Highway – Sign Improvements (20T078049)

Project Description: This project will replace and upgrade 26 guidance and warning signs on U.S. 26 and OR 35 from Timberline Highway to Sherwood Campground. New signs will be made of more durable materials and steel supports and will be taller to reduce the possibility of being covered by snow or damaged by plows during the winter season.

Traffic Impacts: Lane closures on U.S. 26 and OR 35.

Single lane closures with flaggers directing traffic and shoulder closures on OR 35. Shoulder closures and periodic lane closures with flaggers direction traffic on U.S. 26.

Project website: <https://tinyurl.com/US26signimprovements>

U.S. 30 – Historic Columbia River Highway – Wa Na Pa Streetscape (20T033397)

Project description: ODOT, in partnership with the City of Cascade Locks, is improving the operations, accessibility and safety of Wa Na Pa Street in downtown Cascade Locks. Work includes paving Wa Na Pa Street from just east of the Bridge of the Gods to Forest Lane (0.8 miles), constructing accessible sidewalk curb ramps at 11 intersections, and restriping the roadway and six crosswalks.

Traffic impacts: No traffic impacts.

Project website: <https://www.oregon.gov/odot/projects/pages/project-details.aspx?project=WNPS>

Oregon 8 – TV Highway – Intersection Improvements at OR 219 (20T013985)

Project Description: This project on OR 8 at OR 219 in downtown Hillsboro includes new traffic signals and signs, improved lighting, upgraded ADA curb ramps and a new left turn lane at OR 219 at Oak Street. Work will be complete in fall 2020.

Traffic Impacts: Daytime and nighttime lane closures.

Daytime lane and shoulder closures on Baseline Street (OR 8) and 1st Avenue and Oak Street (OR 8) and 1st Avenue.

Nighttime lane closures with flaggers directing on SW Baseline Street, SW Oak Street and 1st Avenue from 7 p.m. to 6 a.m. week nights.

Project website: www.OR8construction.org

Oregon 8 – TV Highway – Pedestrian Crossing Upgrade at SE 44th/45th Avenue (20T025695)

Project Description: This project on OR 8 at 44th/45th avenues in Hillsboro includes pedestrian-activated flashing lights at the crosswalk on OR 8 between SE 44th and SE 45th Avenues, improved lighting and upgraded ADA curb ramps. Work will be complete in fall 2020.

Traffic Impacts: Daytime shoulder closures on OR 8 between SE 44th and 45th Avenue.

Project website: www.OR8construction.org

-- more --

Oregon 99W – Pacific Highway West – Tualatin River Bridge (20T062379)

Project Description: This project will improve the bridge over the Tualatin River on OR 99W northbound including replacing the bridge joints and installing new concrete surfaces.

Traffic Impacts: Periodic nighttime lane closures with flaggers directing traffic between 8 p.m. and 5:30 a.m. Monday through Friday.

Project website: bit.ly/OR99Wbridge

Oregon 212 – Clackamas-Boring Highway – Improvements (19T110043)

Project Description: This project on OR 212 from I-205 to U.S. 26 through Damascus and Boring includes paving, upgrading accessible sidewalk ramps and installing a new bridge at North Fork Deep Creek. Work will be complete in fall 2021.

Traffic Impacts: Daytime lane closures and nighttime lane closures on OR 212 from 7 p.m. to 8 a.m. Intermittent flagging and pilot cars directing traffic between 98th and 172nd Avenues at night. The eastbound right turn-lane onto 102nd Avenue will be closed from 6 a.m. to 6 p.m. Tuesday.

Project website: www.OR212Improvements.org

All ODOT highways – Region 1 LED Replacement Project

Project Description: This project will replace over 8,000 roadway lights with light-emitting diode (LED) lights on ODOT roads throughout Region 1, which includes Multnomah, Clackamas and Hood River Counties and eastern Washington County.

Traffic Impacts: Nighttime lane closures on I-5 and OR 217 Monday through Thursday nights. Possible nighttime closures on I-5 and OR 217 ramps and underpasses.

Nighttime lane closures on I-5 from OR 217 to the Boone Bridge and on OR 217 from SW 72nd to I-5 from 9 p.m. to 6 a.m. Monday through Thursday nights.

Possible nighttime lane or ramp closures on Lower Boones Ferry Road and Wilsonville Road at underneath I-5, on the I-5 north Exit 289 to Nyberg Street, the SW Carman Drive on-ramp to I-5 north, OR 217 north and south Exits 7 to 72nd Avenue, the 72nd Avenue on-ramps to OR 217 north and south, from 9 p.m. to 6 a.m. Monday through Thursday nights. Possible ramp narrowing at I-5 north Exit 286 to Elligsen Road and the Elligsen Road on-ramps to I-5 north and south.

Tips for driving safely in work zones

An inattentive driver is the most common cause of work zone crashes. Drivers and their passengers — not workers — make up the majority of work zone fatalities. What you can do:

- **SLOW DOWN!**
- **Pay attention**
- **Obey signs and flaggers**

Know before you go! Call 511 or visit www.TripCheck.com to check routes, work zones and road and weather conditions before you head out.
