

# Transportation Safety Action Plan Update

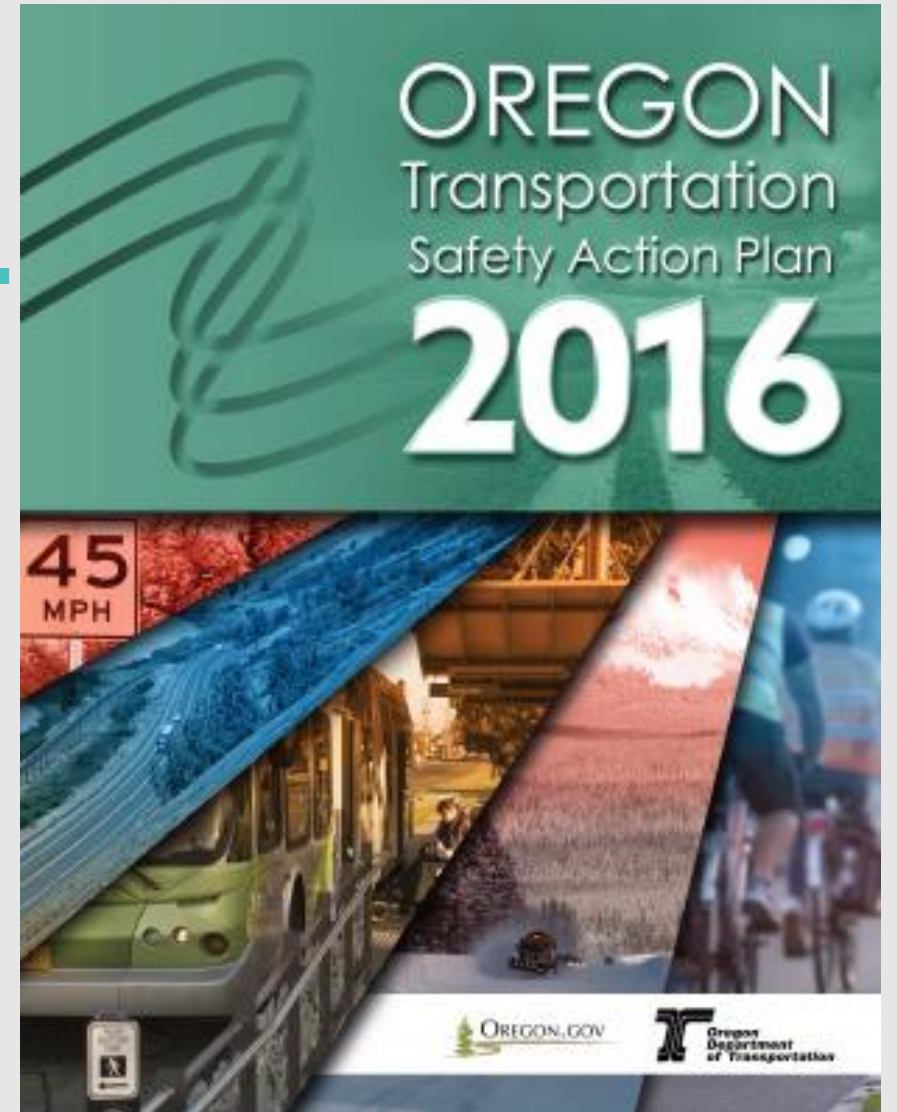

---

## What is the TSAP?

The [Transportation Safety Action Plan](#) (TSAP) unifies transportation safety planning in Oregon; providing long-term goals, policies, and strategies, as well as near-term actions to eliminate deaths and life-changing injuries.

The TSAP applies to the entire state of Oregon, involving agencies statewide.

# Questions & Discussion

---

- **In your area of expertise, what efforts of transportation safety are working well? Or not as well?**
  - Why do you believe these efforts have been successful, or not?
  - Are these areas still relevant?
- **What issues should be refined or reassessed in this update?**
- **What emerging areas should be included in this update?**
  - How will these additions help us meet Oregon's safety goals?

## Questions & Discussion (Continued)

---

- Is there anything that has been completed or no longer relevant and should be removed from the TSAP?
- Other comments or questions?
