Member Reports

Lois Harvick is looking forward to meeting the Lane County Sheriff's successor on the Lane County Victim Impact Panel once they are identified.

Lynn Howard noted in her report that [Montana passed a new law](#) with an enhanced sentence for high-BAC (above 0.16) vehicular homicide, and spoke of her interest in possibly using the model for a future legislative concept in Oregon.

Deborah Ruiz attended the B-SOBR graduation.

Justin Nielsen spoke of movement in HB 3174 and of the opposition it had encountered, and he addressed some misinformation around the measure that may be present.

Sergeant Josh Wilson taught at DRE school in Sunriver in April. He reported [on a Tennessee news story](#) that [resulted in a new bill](#) that may make arresting an offender significantly more difficult for law enforcement officers. A group conversation ensued about the subjectivity in physical observation and objectivity in blood draws, and what limits there may be to each.

Vice Chair Cate Duke spoke to the Prineville Kiwanis Club for CLEAR Alliance. On May 3rd she will be present at a DRE saturation-level patrol, based in Benton County.

Minutes of Previous Meeting:

Chair Hayes asked if there were any changes to the [April 11, 2025 meeting minutes](#). There were none noted.

Public Comment:

Transportation Safety Office (TSO) Report:

Ryan Stone shared the most current [CAR Unit fatality data](#) in comparison to one year ago; most categories demonstrate a

downward (positive) trend. 2026 open call grant requests have been reviewed and scored; applicants may receive word as soon as several weeks. Mr. Stone also attended the B-SOBR graduation. [Advertising around several newer, more innovative cannabis-delivery systems](#) are concerning. Lieutenant Denney requested future discussion of a legislative concept to regard vehicular consumption of cannabis in a moving car similarly to “open container” laws and also to re-examine minor-in-possession (MIP) laws. Regarding TSO personnel, ODOT is on a temporary hiring pause, but the organization remains committed to providing a high level of service to both their grantees and customers. There is an upcoming webinar-based committee training on public meetings law on May 14th at 1:30 PM, and members are strongly encouraged to attend.

There will be about 24 Statewide operations planned through the end of 2025, including an Oregon State University Parents’ Weekend operation on May 3rd and 4th.

OTSC

Chair Victor Hoffer recognized the late Judge Jerry Cooper. Two new members have been formally appointed to the OTSC; the committee welcomes both Roger Kuhlman and Dani Schulte during the May 14th OTSC meeting. A possible travel meeting is being examined for the committee in October.

TSRP

Amy Seely reported a busy training month. In two weeks, the TSRPs are attending the [IPTM Crash Conference](#).
