Dear Ms. Fergason:

I am pleased to submit the final report of Oregon's traffic records assessment conducted between April 21, 2026 and July 5, 2026. I am delighted that Oregon chose this technical assistance tool and that the National Highway Traffic Safety Administration assembled a team of traffic records experts to deliver this in-depth peer review of Oregon's traffic records systems.

In addition to providing their insights via the assessment, each team member also gained a great deal from it and appreciated the opportunity to contribute and learn. I hope the assessment process and report will positively impact the future of Oregon's traffic records systems.

Please extend my thanks and appreciation to your staff and colleagues for their efforts to make this assessment a success. Please get in touch with me or Beau Burdett at (202) 236-1959 if I can further assist.

Sincerely yours,

Frank Subalusky  
Chief,  
National Driver Register & Traffic Records  
Division
