Dear Ms. Joyce:

I am pleased to attach the *State of Oregon Impaired Driving Assessment* Final Report, supported by the Impaired Driving Division of the National Highway Traffic Safety Administration (NHTSA). We are delighted that the State of Oregon was able to utilize this assessment program and that NHTSA was able to act as a facilitator by assembling a team of experts who have demonstrated leadership and expertise in impaired driving program development and implementation throughout the country.

In addition to being able to provide guidance to the Transportation Safety Office, each of the team members gained a great deal from this valuable experience and appreciated the opportunity to both contribute and learn.

I understand that you, Traci Pearl, Transportation Safety Office Manager, and Ryan Stone, Impaired Driving Program Manager, Transportation Safety Office made a strong commitment to the assessment resulting in a positive experience for everyone. Your ability to address logistic needs quickly coupled with efforts to provide data and information requested by the team in an expeditious way, helped create the best possible report. I extend to you and your entire staff appreciation from both NHTSA and the assessment team for your support of this project.

If you have questions concerning this report, please feel free to contact me, or Caroline Cash, Impaired Driving Division, at (240) 409-6375.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tara Kelley-Baker".
