When the sun drops, danger rises. So when you’re walking near traffic, take extra precautions.

• Dress to be seen in light colors or reflective gear.
• Walk defensively. Assume drivers can’t see you, especially during twilight hours.
• Keep checking for traffic, even while crossing in crosswalks.
Be aware of traffic.

- When there is no sidewalk, always walk facing oncoming traffic.
- Stay as far left off the lane as possible.
- When crossing multiple lanes, don’t assume that all lanes of traffic will stop.
- Pay attention to traffic. Don’t talk, text or plug in to your tunes.

Share the Road. The Way to Go.
