

Oregon Transportation Safety Action Plan
Emphasis Area and Action Implementation Tracking
 10/26/2023

Emphasis Area: **Aging Road Users**

Action/Step #	Action Leader	Action Description	1. Not Started	2. Early Progress	3. Underway	4. Substantial Progress	5. Completed	Recurring	Challenges and Comments
1	Kelly Kapri, ODOT TSD Distracted Driving Program Manager	Identify risk factors for aging road users (all travel modes) and implement near-term treatments.							Reporter: Kelly Kapri
		Risk factors were identified in SPR828 in June 2020 (Addressing Oregon's Rise in Deaths and Serious injuries for senior drivers and pedestrians). While crash data is analyzed to identify risk factors statewide, additional resources will be needed to develop an Implementation Plan							
2	Kelly Kapri, ODOT TSD Distracted Driving Program Manager	Develop and implement an Oregon Aging Road Users Implementation Plan based on the Addressing Oregon's Rise in Deaths and Serious Injuries for Senior Drivers and Pedestrians research report.							Reporter: Kelly Kapri
		Addressing Oregon's Rise in Deaths and Serious Injuries for Senior Drivers and Pedestrians research report: https://www.oregon.gov/odot/Safety/Documents/Addressing_Oregons_Rise_in_Deaths_and_Serious_Injuries_in_Senior_Drivers_and_Pedestrians.pdf Aging Road Users' Training will be provided through grant year 2024 for senior drivers at no cost through mini grants with the At-Risk Training Providers certified by DMV to reduce risk factors.
