Jessica,

Thank you for all the work you have done on this case. You have gone above and beyond to get this guy to answer for his Fresno DUI. How we would typically calendar a case of this nature is via an arraignment letter. It sounds as if the defendant is transitory. We are going to send 2 arraignment letters to the Defendant one at his last known in Oregon and the one here in Fresno. I was thinking you could make these letter apart of the court record to show he was in fact calendared/noticed. If he FTA's here we can notify you and it would be a potential VOP on your end. Figured it wouldn't hurt to try. I don't know your position over there but if you were one of my attorneys I would write up an accommodation for you. If its worth anything, send this email to a supervisor. Thanks again for working with us.
