# Definitions

---

- Fatalities (F) and Serious Injuries (A): this number represents lives lost or people injured to a significant/life altering degree.

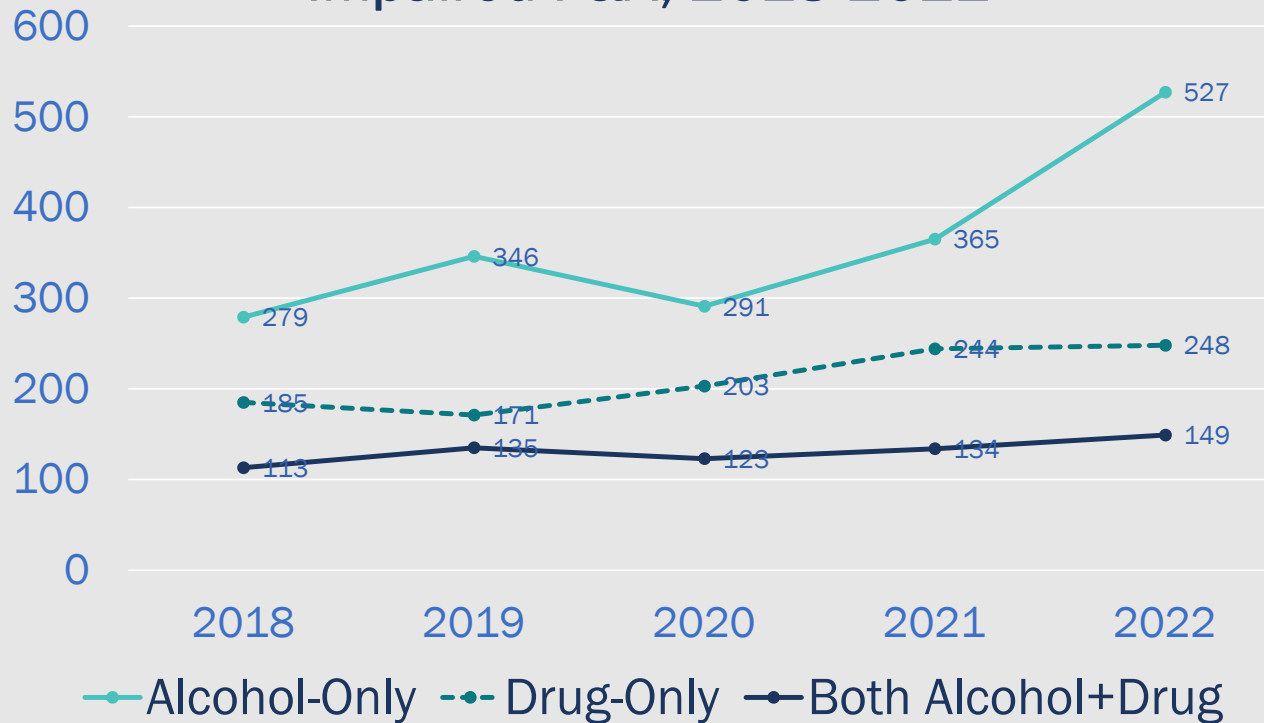

When you see F&A, think people, not crashes.

- Serious injuries are incapacitating; they are an injury which “prevents the injured person from walking, driving or normally continuing the activities the person was capable of performing before the injury occurred.”

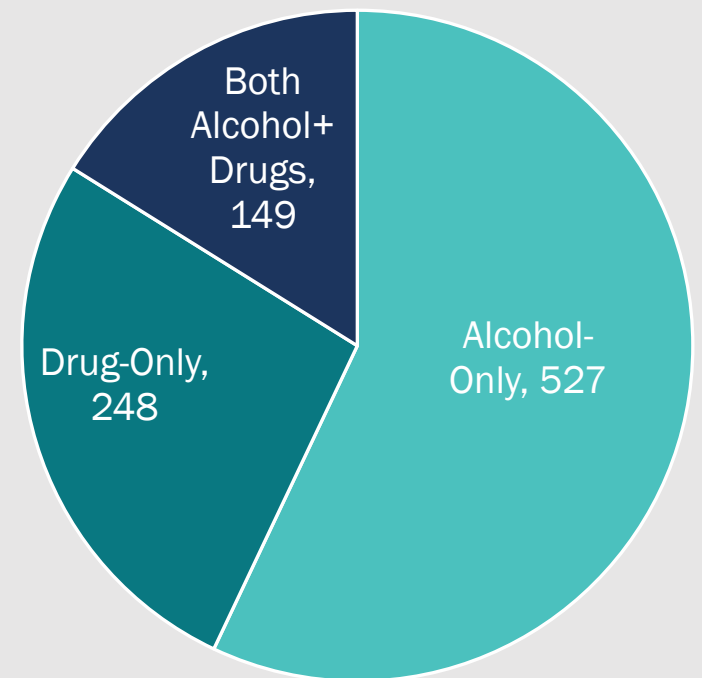

These are people whose life was permanently impacted.

## Lane County, 2022

# Fatal and Serious Injury Substance Involved Crashes

## What Does the Data Tell Us?

- 25% of all fatal and serious injury crashes are substance-involved in Region 2.
- 65% of all fatalities were from substance-involved crashes.
- Drug-involved crashes are on the rise.

## Current Projects in Region 2

---

- Support for Springfield DUI Court.
- Support Safe Lane Coalition's impaired driving media campaign and ODOT statewide campaigns.
- Support Marion/Polk Co DUI Victim Impact Panel.
- Teach Marion/Polk High Risk Driver Course.
- Extra DUI patrols in Albany, Woodburn, Benton, and Yamhill counties.
- DUI enforcement grants to cities, counties, and OSP.

Deterrence: Enact, publicize, enforce, and adjudicate laws prohibiting impaired driving so people choose not to drive impaired.
