

## Health Systems Division Liaison Report February 2023

A total of **773** screenings and referrals to DUI services were done in **December**. This represents:

- An **increase of 11%** as compared to December 2021
- An **increase of 5%** year-to-date compared to 2021
- An **increase of 28%** year-to-date compared to 2020

---

### DUI Services Modernization Initiative Update:

- Given the significant leadership changes at OHA, we felt it prudent to **delay the start of the workgroups** to allow time for our new leadership to be brought up to speed on the work of the DUI Services Modernization Initiative and its role in reducing DUI recidivism and health inequities.

We hope to provide more details in April.

---
