

Oregon Driver Education Program Playbook Order Form

This form is used to order the Oregon Driver Risk Prevention Playbook by in-state organizations that do not qualify for the Oregon Student Driver Training Fund and out-of-state providers. (ODOT can only use SDTF funds for approved courses provided by ODOT-Approved providers.)

We recognize that adults, licensed teens and others who do not qualify for SDTF funding may also benefit from this curriculum resource. Purchases of the Playbook by those who are not ODOT-approved driver education providers help to reimburse the SDTF for printing and production costs.
