**CLASS SIZE FOR APPROVED PROGRAM**

The current state approved curriculum guide is based on national classroom standards for teacher to student ratios. The curriculum is best engaged at class sizes limited to 20-24 students in order to fulfill the requirements of successful student activities.

In consideration of both budget limitations and student demand, course sizes may have a total of not more than thirty students per instructor if the course is sponsored as a reimbursable ODOT-Approved course.

The ratio for course sizes of more than 30 students is 30:1. Example, for 36 students in a single course, there shall be two instructors.
