

## Analysis by County

### How to read these stats:

Alcohol Only – only alcohol was involved in the crashes queried.

Drug Only – only drugs were involved in the crashes queried

Alcohol Only + Drug Only - refers to one or single substance use in a crash.

Alcohol & Drug Involved – Crash where both alcohol and drugs were involved which can mean:

- an active participant (i.e. driver, pedestrian, bicyclist) had been using *both* alcohol *and* drugs
- one active participant had been using alcohol, and another had been using drugs
- any such combination – as long as both alcohol and drugs were present

The below numbers represent people not crashes.
