

# Guide to Obtaining Quotes for Electric Vehicle Charging Stations

Under the Oregon Department of Transportation's Community Charging Rebates (CCR) program, applicants are required to obtain one quote for electric vehicle (EV) charging station equipment and installation. An applicant can obtain a quote for their EV charging project from their electric utility, local electricians, charging equipment manufacturers or network providers.

## Electric Utilities

Contact your electric utility early in the planning process, regardless of if you obtain a quote from the utility. Notifying the utility as soon as planning begins saves time down the line in a project. Many Oregon utilities offer technical assistance or can connect you with installers.

[To identify the utility serving your site, click here.](#)

## Finding Local Electricians

Applicants can contact local electricians in their area. A licensed electrician is authorized to install level 2 (L2) charging stations. The following resources can help locate a licensed electrician near you:

## Charging Equipment Manufacturers

Applicants can contact charging equipment manufacturers to obtain a quote and/or hire an installer. Below is a list of charging equipment manufacturers from ODOT's List of Eligible Chargers.

<a href="#"><u>ATG Electronics</u></a>	<a href="#"><u>Epic Charging</u></a>	<a href="#"><u>Gateway International 360</u></a>	<a href="#"><u>PowerPump</u></a>
<a href="#"><u>Autel</u></a>	<a href="#"><u>Espen</u></a>	<a href="#"><u>Generac Power Systems</u></a>	<a href="#"><u>QCharge123</u></a>
<a href="#"><u>Blink</u></a>	<a href="#"><u>EV Bolt</u></a>	<a href="#"><u>ICAPIA</u></a>	<a href="#"><u>RAB Lighting Inc.</u></a>
<a href="#"><u>BTC Power</u></a>	<a href="#"><u>EVBox</u></a>	<a href="#"><u>InCharge</u></a>	<a href="#"><u>Siemens</u></a>
<a href="#"><u>ChargePoint</u></a>	<a href="#"><u>EVChron</u></a>	<a href="#"><u>Integra Energy</u></a>	<a href="#"><u>StarCharge</u></a>
<a href="#"><u>ChargeSmart EV</u></a>	<a href="#"><u>EverCharge</u></a>	<a href="#"><u>IoTecha</u></a>	<a href="#"><u>SWTCH Energy</u></a>
<a href="#"><u>ChargeTronix</u></a>	<a href="#"><u>EVGateway</u></a>	<a href="#"><u>Legrand</u></a>	<a href="#"><u>TurnOnGreen</u></a>
<a href="#"><u>Chargeie</u></a>	<a href="#"><u>EVPassport</u></a>	<a href="#"><u>LITE-ON</u></a>	<a href="#"><u>Wallbox</u></a>
<a href="#"><u>Cyber Switching</u></a>	<a href="#"><u>EVSE LLC</u></a>	<a href="#"><u>Loop Global</u></a>	<a href="#"><u>Xeal</u></a>
<a href="#"><u>Eaton</u></a>	<a href="#"><u>FLO</u></a>	<a href="#"><u>Lynkwell</u></a>	<a href="#"><u>Xiamen Topstar CO, LTD</u></a>
<a href="#"><u>Elinta Charge, UAB</u></a>	<a href="#"><u>Ford Pro Charging</u></a>	<a href="#"><u>Noodoe</u></a>	<a href="#"><u>Zerova</u></a>
<a href="#"><u>Emporia</u></a>	<a href="#"><u>FractalEV</u></a>	<a href="#"><u>OpConnect</u></a>	
<a href="#"><u>ENERGY5</u></a>	<a href="#"><u>Free2Move</u></a>	<a href="#"><u>PowerFlex Systems</u></a>	

## Online Quotes

If located in a remote area, applicants may opt for an **online quote**:

- **Qmerit** can provide a Digital Commercial Assessment. Applicants can complete the brief online form providing information about the property, the charging project and a few photos.

## Service Level Agreement and Maintenance Contracts

Applicants must provide a **Maintenance Contract or Service Level Agreement (SLA)** along with **proof of upfront payment for five (5) years of maintenance services**. If the Electric Vehicle Service Provider (EVSP) you are working with does not offer an SLA, you can contact the electrician involved in your project to see if they provide one.

Additionally, here are two resources for third-party maintenance contracts:
