- **Art. 12(a)** Any employee starting a shift or called and reporting to work after starting time of the first period of any shift Monday through Friday, shall receive no less than two hours pay for such period. If required to continue beyond two (2) hours, the minimum pay will be four (4) hours or actual time worked, whichever is the greater.
- **Art. 12(b)** Any employee called and reporting to work on Saturdays, Sundays, and recognized holidays, or outside of his regular shift hours not continuous with his regular assigned shift hours, or any employee reporting to work on call and not given employment, shall be paid not less than four (4) hours pay or actual time worked at the applicable overtime rate.
- **Art. 12(c)** Notwithstanding (a) and (b), other than emergency orders or in remote areas, the Contractor may require an employee who arrives late on job to start at noon or the following day, or in the alternative, to be paid only for hours actually worked.
- Art. 12(d)(1) The forgoing requirements shall not be applicable where the employee is laid off by reason of bad weather, breakdown of machinery or any other cause beyond the direct control of the Contractor, in which event he shall be paid: 1. Not less than two (2) hours pay, 2. not less than four (4) hours pay if employee starts to work, or 3. not less than eight (8) hours pay if required to work into the second half of the shift, or 4. the time required to remain on the job, if greater. Where the employee quits or lays off, payment will be made for actual time worked. In order to qualify for the pay provided for in this Article, the employee must remain on the job available for work, during the period of time for which he received pay unless released sooner by the Contractor's principal supervisor.
- **Art. 12(d)(2)** If another craft working with the Boilermakers in the same crew is sent home because of unworkable conditions, the Boilermakers shall also be sent home; however, the Contractor shall have the right to work all or part of the crew subject to the four (4) and eight (8) hour minimum pay.
- **Art. 12(e)** The exception to the above-mentioned paragraphs of this Article shall be when an employee has been properly notified not to report. Special notification arrangements may be made by agreement between the Contractor and the Union Business Manager.

Art. 12(f) A Further exception to the above paragraphs will be in those instances where a civil disturbance makes it necessary to shut down a project to prevent possible injury or loss of life of employees on the project. Any dispute over application of this Article shall be handled in accordance with Art. 28(a).

Article 13 Per-diem (Except Alaska and Hawaii, See Articles 34 & 35 Respectively)

Art. 13(b) Per-diem payments will be based on mileage from the city hall of the dispatch city or the home address of the employee, whichever is closer to the job location. The Union agrees to show the home location on the dispatch slip, and also agrees that the Contractor may ask for an independent verification of such address.

Art. 13(c) Per-diem payments and travel pay shall be paid as follows: Where the job site is over one hundred twenty (120) miles from the die

Where the job site is over one hundred twenty (120) miles from the dispatch point, employees shall receive the IRS-allowable amount per mile for transportation between such city and the job at the beginning and conclusion of their employment. Such transportation allowance shall be paid based on the most direct main route, plus necessary bridge toll and ferry charges. Such supplementary reimbursement shall not exceed eight (8) times the regular hourly area mechanic's rate.

Art. 13(d) In the event an employee quits for other than immediate compelling personal reasons not reasonably foreseen at time of employment before having been in the employ of the Contractor fifteen (15) calendar days, he shall not be entitled to transportation or travel expense to the job. In the event an employee quits for other than immediate compelling reasons not reasonably foreseen at time of employment or is discharged for just and sufficient cause before having been in the employ of the Contractor sixty (60)

calendar days, he shall not be entitled to return transportation or travel expense. Any dispute arising as to the proper application of this provision shall be considered as a grievance subject to handling under the grievance machinery herein provided.

Art. 13(e) Effective January 1, 2024, as reimbursement for per-diem, the Contractor shall pay the employee eighty-five dollars (\$85) per day worked where the job site is more than seventy (70) miles but less than one hundred twenty (120) miles from the dispatch point. If over one hundred twenty (120) miles, the daily per-diem amount shall be one hundred dollars (\$100) per day worked.

Effective January 1, 2025, as reimbursement for per-diem, the Contractor shall pay the employee ninety-five dollars (\$95) per day worked where the job site is more than seventy (70) miles but less than one hundred twenty (120) miles from the dispatch point. If over one hundred twenty (120) miles, the daily per-diem amount shall be one hundred ten dollars (\$110) per day worked.

Effective January 1, 2026, as reimbursement for per-diem, the Contractor shall pay the employee one hundred five dollars (\$105) per day worked where the job site is more than seventy (70) miles but less than one hundred twenty (120) miles from the dispatch point. If over one hundred twenty (120) miles, the daily per-diem amount shall be one hundred twenty dollars (\$120) per day worked.

Art. 13(f) Holidays, rain, breakdowns, or any reason the employees are stopped by the Contractor from working, Monday through Friday, will be considered days worked and the per-diem paid. Employees absent from work shall not be paid per-diem for the day absent. When a welder is required to take a test outside the seventy (70) mile zone they shall be reimbursed as follows provided they have demonstrated their competency by previous experience:

per-diem as provided above for the day or days on which the test is taken,

per-diem as provided in Art. 13(f) if applicable, and transportation and travel expense as provided in Art. 13(d).

Art. 13(g) An employee must work the scheduled work day before or the scheduled work day following a holiday that occurs Monday through Friday, to be entitled to per-diem for the holiday, unless excused. Excused absences will not be unreasonably denied.

Art. 13(h) Employees who leave the job before the end of the shift except for reason beyond their control, such as illness in family, court summons, bona fide illness, etc., shall be paid per-diem for the time actually worked unless they get the permission of a designated Contractor's representative who shall be reasonably available at a designated location. Any dispute arising under the per-diem clause shall be handled as provided in Article 29 and judged on its merits.

Art. 13(i) When employees are instructed to report to a job on a certain day and are not immediately placed at work, they shall be paid reporting pay for the day they report to work and the sum of seventy dollars (\$70) per day for each day thereafter until ordered to work or released by the Contractor, in addition to per-diem as above provided.

When an employee is temporarily laid off and is requested to stand by until work is available, and if he agrees to do so, he shall be paid fifty dollars (\$50) for each day until returned to work or laid off, in addition to per-diem as above provided.

- **Art. 13(j)** Where a job is located two hundred and forty (240) miles or more from the Dispatch Point, the employee will receive one additional day's per-diem at the start of his work on the job and at the conclusion of his work on the job, provided that payment of such additional day's per-diem under this paragraph shall be subject to the same conditions applicable to transportation and travel expense under Art. 13(e).
- Art. 13(k) If an employee suffering an industrial injury outside the seventy (70) mile zone does not receive compensation payments for the first seven (7) days that he is unable to work, his per-diem payments under this Article shall continue for as many days during such seven (7) day period as he is required to remain at or in the vicinity of the job site by the Contractor or by the physician in charge or by the state commission having jurisdiction. In those states where the payment of compensation during such seven (7) day period is dependent upon the duration of an employee's period of disability, the Contractor may delay the payments called for under this paragraph until it has been ascertained whether compensation payments will be received for some or all of such seven (7) day period.
- **Art. 13(l)** The Contractor shall reimburse employees for ferry charge or bridge toll incurred daily going to and from the job.
- **Art. 13(m)** In the Seattle area, when employees travel from Seattle to Bremerton area and return by ferry, they shall be reimbursed by the Contractor for each round trip a sum equivalent to one (1) hour's pay at the regular area mechanic's rate plus ten cents (\$0.10). This situation is recognized as a case of unusual hardship to the employee and not as establishing the principle of travel expense within the seventy (70) mile zone.
- **Art. 13(n)** Other unusual circumstances of a purely local nature shall be mutually arranged between the Contractor and the Union's Business Manager.
- **Art. 13(o)** Rules governing per diem eligibility and rates in Hawaii are contained in Article 35(d).

Article 14 Wage and Benefit Increases

Art. 14(a) Hourly Increases The hourly rates that were in effect on January 1, 2023 shall remain in effect through December 31, 2023. Effective January 1, 2024, the hourly

rates for all areas will be as listed below. In order to fund increases in the cost of Health and Welfare and Pension in any contract year, there may be one or more reallocations of the rates described above. All Contractors will be notified by the Union of any allocation or reallocation of these increases sixty (60) days prior to their effective date using a standardized rate sheet. Should the Union fail to provide accurate allocations sixty (60) days in advance, the Contractors may forego any increase or allocation of funds a full sixty (60) days in order to provide the Owners with timely and accurate changes in rates.

Art. 14(a)(1) Tube Welder Pay Boilermakers dispatched as Tube Welders and certified by the Contractor shall be paid a premium at the applicable rate. The premium shall be paid for all hours of any shift in which the employee performs Tube Welding. When reducing the crew, the Contractor shall determine which individuals shall be laid off. There shall be no restriction on hiring or reduction of force ratios related to Tube Welders.

Art. 14(a)(2) Premiums All premiums shall be based on the base wage excluding vacation. This includes all supervision and welder premiums.

Art. 14(b) Wage Rates, Classifications, Areas, and Contract Fringe Costs (Effective Jan. 1, 2024)

The wage and fringe benefit schedules shown below reflect the allocation of the hourly increases for each area that became effective Jan. 1, 2024. Except to the extent that there is a need to increase payments annually by twenty-five cents (\$0.25) to fund benefits and except to the extent that there must be a periodic reallocation to also fund benefits, the rates shown below shall remain constant for the term of this Agreement.

Article 30 Arbitration of Disputes Under California Wage and Hour Law

The parties to this Agreement recognize that arbitration pursuant to the grievance procedure has several advantages over litigation. These advantages include:

- Faster resolution of disputes;
- Lower costs;
- Decision-makers with industry experience with the Parties;
- Greater proportion of monetary relief to individual employees;
- Less formal and less burdensome procedures;
- Less restrictive rules of evidence; and
- An environment in which the Parties know each other and the business well.

In addition, like class actions and representative litigation, grievance arbitration provides a mechanism for resolving claims in which the costs of litigation would otherwise be disproportionate to the available relief. For these reasons the Parties agree that the grievance arbitration process provides the best avenue for resolution of wage and hour disputes.

Employers subject to this Agreement operating in California shall comply with all provisions of the California Labor Code, any applicable Wage Order, and any other Federal, State or Local wage and hour law, including related claims under California Business and Professions Code Section 17200 ("Statutory Disputes") shall be subject to the grievance and arbitration procedure of this Agreement and this shall be the exclusive forum for resolution of any such dispute. The following shall apply to grievances of Statutory Disputes in California:

1. The Parties will make every effort to identify and resolve Statutory Disputes as soon as possible. However, due to the nature of these disputes, the deadline for

- bringing a grievance set forth in Article 29 shall not apply. Statutory deadlines shall be applied instead.
- 2. In the event that a Statutory Dispute is not resolved at a prior step of the grievance process and a Party advances to arbitration, the Parties shall select an arbitrator by striking names from a list provide by the American Arbitration Association (Employment Panel).
- 3. The Arbitrator selected by the Parties shall have the authority and responsibility of resolving disputes over subpoenas and requests for information in advance of the arbitration hearing.
- 4. To the extent required by law, the Employer shall bear the cost of arbitration.
- 5. The Arbitrator is authorized to award any and all remedies otherwise available under the applicable statutory provision.
- 6. Except as otherwise provided in this section, the provisions of Article 29 will govern grievances of Statutory Disputes.

The Parties recognize that it is in their mutual best interest for the individuals who will be administering this section to have a solid understanding of the applicable wage and hour laws. To this end, the Parties will jointly develop materials that each party may use to train the appropriate managers and representatives. This training must be completed by both Parties for this section to be operational. In the absence of completed training, independent statutory disputes will not be heard in grievance or arbitration.
