

I-205 Toll Project

Share Your Feedback to Improve Travel on I-205 *by April 21*

ODOT is planning tolls on the Abernethy and Tualatin River bridges to pay for improvements that will reduce congestion and improve safety. Tolls collected from drivers will be invested back into Clackamas County.

ODOT published an Environmental Assessment, which is a detailed report that describes our plans, the benefits, and impacts of I-205 tolling and improvements in Clackamas County. **We want to hear from you!**

Planned tolls on the Abernethy and Tualatin River bridges and improvements will:

-  **Improve safety with earthquake-ready upgrades to eight bridges and fewer crashes**
-  **Reduce congestion by adding the missing third travel lane to eliminate bottlenecks**
-  **Improve your community with local transportation investments like bicycle and pedestrian improvements, roundabouts, and new traffic signals**

Join ODOT at community events to learn more!
