1 Overview of the Grant Program

1.1 Introduction & Background

Overview
In 2017 and 2019, the Oregon State Legislature approved funding for the Veteran Services Grant in Oregon. The 2021 Legislature approved $938,118 to fund eligible proposals that provide direct services to veterans that help improve outcomes in areas such as health or behavioral health care, housing security and houselessness, employment opportunities or stability, education and training opportunities, transportation accessibility and availability, or other critical services within a community. This Grant Program is funded with Lottery dollars established under Ballot Measure 96, which provides lottery funds specifically for services for Oregon veterans.

ORS 406.142 requires ODVA to develop and implement the grant program and award multiple one-time grants on a competitive basis. Applicants may not apply for grant amounts below the minimum of $25,000 or above the maximum of $250,000 allowed for this grant program. Each organization may submit only one grant proposal; however, a grant proposal may include more than one project, which may be located at multiple sites. Each project shall have individually identified goals, objectives, outcome measures and a requested award amount. ODVA has developed specific eligibility requirements, that must be met to apply for grant funding.

2.3 **MEASURABLE OUTCOMES, DATA & SMART GOALS**

*One of the measurements must be the number of veterans served by the grant*

An important component of a Grant Proposal is the identification of measurable outcomes, and how they will be documented, must be included in the Grant Proposal.

- An outcome is a statement of a specific result the Applicant intends to achieve with the Grant funding. State a specific objective(s) (rather than the process for achieving the objective), as the intended result that can be measured.
- State the method to be used to measure and document the outcomes, and the timeline for measuring outcomes (at least quarterly). Describe what this data will be, and how it will be collected.
• Include an outline of the data log sheet with the proposal.
• Identify how the Applicant will reach out to those that are traditionally underserved in the community.

How this work will help to close the opportunity and accessibility gaps for those individuals who are historically and continuously underrepresented. (e.g. BIPOC, LGBTQ, individuals with disabilities, women veterans, aging veterans, etc.) Include how the project will attempt to reach these veterans.

2.4 Required Data: ODVA wants specific data to show how the grant is helping the Veterans in your community.
• One piece of data must be the number of veterans served by the program.
• Keep track of how many veterans use the service or program including the number of traditionally underserved (e.g. BIPOC, LGBTQ, individuals with disabilities, women veterans, aging veterans, etc.)

○ Depending on the programs in your organization, here are some possible data points that could be included:
  • What do they contact the grantee for: peer mentoring, help with forms, job search, food insecurity, transportation, etc.?
  • How many veterans attend events sponsored by the grantee?
  • What type of events are offered? Social? Job fairs? Community Service Projects? Outreach?
  • How many veterans contacted your organization that you were also able to refer to another organization to further meet their needs, or to work in partnership with your services.

ODVA recommends using the SMART Goal System shown here. When writing the proposal, use SMART to guide your narrative.

Grant funds are intended to expand and enhance veteran programs in Oregon. The Grant Proposal may have one or more distinct projects; however, each project’s purpose should be separately described, identifying the goals, objectives, outcomes and amount of funds requested. The narrative of the work plan must be specific on how the Applicant is going to accomplish the project(s) identified in the proposal.    3. What is the expected number of veterans that will be served by the program?
   4. What is the implementation timeline?
      a. If the plan includes a NEW staff position, a job description and timeline for hiring must be included with the proposal.

   2. A brief history of the organization’s current efforts in providing services and how the organization will support the veterans.
   3. Identify any partnerships which your organization has that enhanced the capacity of your organization to serve veterans.

a. Description of measurable outcomes based on goals and objectives; and

b. Describe how Applicant will track and collect the data required for quarterly reporting, including the number of veterans and their families serviced; and

c. Include a sample form or log, etc., that may be used to track the data.

d. If the proposal includes a new position for the organization, you must include a Job Description and a timeline for the hiring of that position.

Part 3: Budget Narrative & Financial Information

*Administrative costs are limited to 10% of the total Grant Funds awarded*

In the Budget Narrative, the Applicant will specifically identify the cost of the project(s) to be funded from the grant. Give specifics aligning expenses to projects, services, large purchases, etc.

The ODVA Budget templated must be used for this purpose. You may want to also include a statement about any other fund sources, that will be used to match the grant funding. Limit: 1-page. The Grant Funds budget template includes a line item detail for (at a minimum), personnel salary, benefits, administrative costs, travel, outreach, education, electronic equipment, services and supplies.
