Respective Public Safety Awareness Points (PSAP):

This is the financial update of the State 9-1-1 Program for the distribution of the 2nd quarter 2022 emergency communications tax revenues. These tax revenues are collected from customers during the 2nd quarter (April – June 2022) by the phone companies. The phone companies pay the collected taxes to the Department of Revenue (DOR) and those taxes are then transferred to the Office of Emergency Management (OEM) during the period of July through September 2022.

As a result, OEM received \$19.7M related to the 2nd quarter tax revenue. From these receipts, \$118K was paid to the DOR for collection and processing fees. OEM's administrative costs incurred for the past quarter was \$450K.

Additionally, the contribution to the 35% Enhanced Subaccount was \$6.9M. As of this date, the balance of the 35% Enhanced Subaccount is \$23.7M which consists of all payments applied to the current fiscal quarter through the end of September 30, 2022 and all unpaid invoices received by OEM during the reporting period. The 35% Subaccount also accrued \$77K in interest.

In accordance with ORS 403.240(8), approximately \$12.2M will be distributed to statewide PSAPs:
