

**OREGON** DEPARTMENT OF  
**EMERGENCY MANAGEMENT**

## **2023 Capability Assessment, Dashboard, and State of the State Report**

# 32 Core Capabilities

Prevention		Protection	Mitigation	Response	Recovery
Planning					
Public Information and Warning					
Operational Coordination					
Intelligence and Information Sharing		Community Resilience		Infrastructure Systems	
Interdiction and Disruption		Long-term Vulnerability Reduction		Critical Transportation	Economic Recovery
Screening, Search, and Detection		Risk and Disaster Resilience Assessment		Environmental Response/Health and Safety	Health and Social Services
Forensics and Attribution	Access Control and Identity Verification	Threats and Hazards Identification		Fatality Management Services	Housing
	Cybersecurity			Fire Management and Suppression	Natural and Cultural Resources
	Physical Protective Measures			Logistics and Supply Chain Mangement	
	Risk Management for Protection Programs and Activities			Mass Care Services	
	Supply Chain Integrity and Security			Mass Search and Rescue Operations	
				On-scene Security, Protection, and Law Enforcement	
				Operational Communications	
				Public Health, Healthcare, and Emergency Medical Services	
				Situational Assessment	

[Core Capability Development Sheets](#)

# THIRA / SPR / Capability Assessment

- Threat and Hazard Identification and Risk Assessment
  - FEMA three-year process to lay the foundation for determining a community's capability gaps as part of the Stakeholder Preparedness Review (SPR).
- Stakeholder Preparedness Review
  - FEMA annual assessment of current capability levels against the targets identified in the Threat and Hazard Identification and Risk Assessment (THIRA).
- Capability Assessment
  - Oregon annual assessment for state, local and tribal partners of capabilities to inform the annual SPR.

**Figure 1:** The steps of the THIRA and SPR processes.

# THIRA and SPR Process

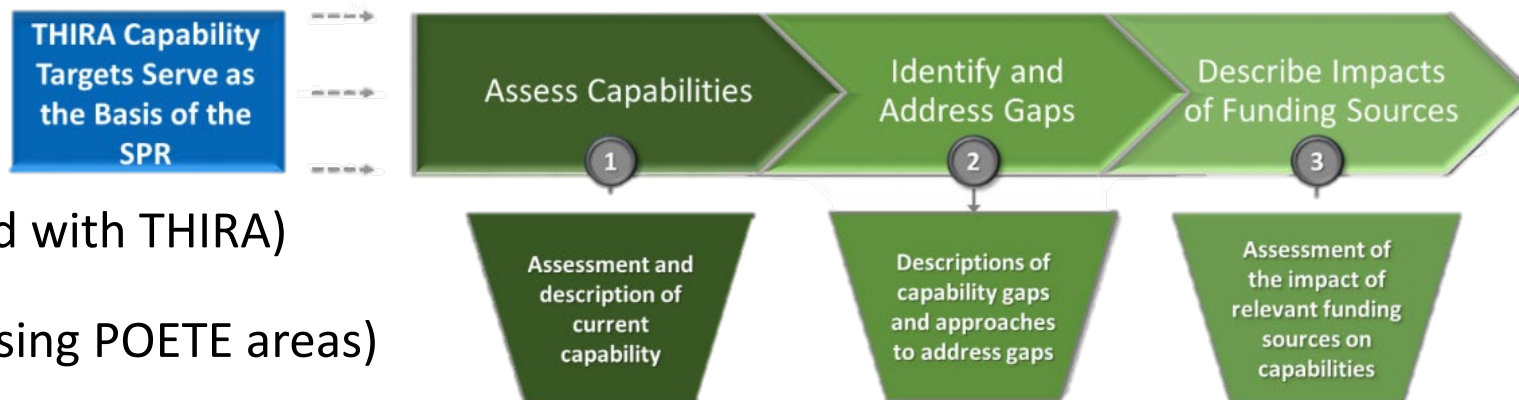

- THIRA

- Threat and Hazard List
  - Ball coming at you
- Scenarios
  - Rainy and from behind
- Capability Targets
  - To be able to turn all the way around

- SPR

- Current Capabilities
  - Can turn halfway around
- Capability Gaps (when analyzed with THIRA)
  - 50% gap
- Approaches to address gaps (using POETE areas)
  - Gaps in planning and exercise
- Impacts of funding used to address gaps
  - funding sources that are used to work towards this capability

# Capability Assessment

## Qualtrics Survey Upgrade

- Built capability assessment survey in Qualtrics 2022
- Imported historic 2021 data from previous state system
- Upgraded web-based platform

## Qualtrics Dashboard

- Built dashboard with basic analytics 2022
- Public link to share with all partners!
- [OR Capability Assessment Dashboard](#)

# Capability Assessment Dashboard

Planning

[Home](#)

Please select where there was capability lost, sustained, built and/or there exists an overall capability gap towards achieving this target:

Lost/Built/Sustained 50

Gap 53

- [Capability Assessment Dashboard](#)

# State of the State Report

- Annual aggregate report
- Highlighting high priorities
- Regional Trends
- Identifying and making recommendations for addressing gaps

# How do we use this Data

---

- Write the State of the State Annual Report
- Identify program and project priorities across OEM Divisions
- Used to inform state and regional Integrated Preparedness Planning Workshops and Integrated Preparedness Plan
- Identify grant investment justifications
- Provide data back to stakeholders to use for project and program justifications
  - Use for grant applications to justify project funding
  - Use for budget discussion in your jurisdiction
  - Use for project and program awareness of gaps and needs

# 2023 Capability Assessment Methodology

---

- First year of the three-year cycle to rotate through all 32 core capabilities.
- 2023 will be focusing on safety and security and hazardous materials core capabilities.
- Each year will include three cross cutting capabilities: Planning, Operational Coordination, Public Information and Warning.

## Capability Assessment Methodology

Grouping	Core Capability	2023	2024	2025
Annual	Planning	X	X	X
Annual	Operational Coordination	X	X	X
Annual	Public Information and Warning	X	X	X
Safety and Security	Forensics and Attribution	X		
Safety and Security	Screening, search and detection	X		
Safety and Security	Interdiction and Disruption	X		
Safety and Security	Physical Protective Measures	X		
Safety and Security	Access Control and Identity Information	X		
Safety and Security	Search and Rescue	X		
Safety and Security	On scene Security and Protection	X		
Safety and Security	Fire Management and Suppression	X		
Hazardous Materials	Environmental Response health and safety	X		
Health and Medical	Public Health and Health Care, EMS		X	
Health and Medical	Fatality Management		X	
Health and Medical	Health and Social Services		X	
Food water and shelter	Housing		X	
Food water and shelter	Mass Care Services		X	
Critical Infrastructure	Critical Transportation		X	
Critical Infrastructure	Operational Communication		X	
Critical Infrastructure	Intelligence and Information Sharing		X	
Critical Infrastructure	Cyber Security		X	
Critical Infrastructure	Infrastructure Systems		X	
Critical Infrastructure	Risk Management for protective programs and activities		X	
Mitigation and Resilience	Threats hazards Identification			X
Mitigation and Resilience	Community Resilience			X
Mitigation and Resilience	Long term vulnerability reduction			X
Mitigation and Resilience	Risk and Disaster Resilience Assessment			X
Mitigation and Resilience	Situational Assessment			X
Mitigation and Resilience	Supply Chain integrity and Security			X
Mitigation and Resilience	Logistics and Supply Chain Management			X
Mitigation and Resilience	Economic Recovery			X
Mitigation and Resilience	Natural and Cultural Resources			X

## Next Steps

---

- Providing training and outreach to stakeholders on the Capability Assessment and Dashboard
  - Increase the awareness around the importance of this assessment
- Updating the assessment and dashboard
  - Revised and reduced capability questions
  - Added Functional Area definitions
  - Add data more data analytics to dashboard
  - Improved data export out of dashboard
- 2023 Capability Assessment will be open September 5<sup>th</sup>
  - Open for 60 days, closes November 6<sup>th</sup>.
  - Capability Assessment Office Hours
