

# MGT-312—SENIOR OFFICIALS WORKSHOP FOR ALL-HAZARDS PREPAREDNESS

This workshop provides an interactive forum to understand the roles and responsibilities of senior leadership as related to all-hazard disaster preparedness, to share proven strategies and best practices, and to enhance coordination among whole community partners.

Designed for senior elected, appointed, and whole community leaders, including:

- City, county, state, and tribal elected officials
- City and county managers
- Directors of local response agencies
- Chiefs/department heads
- School and university administrators
- Public and private sector executives

The class will provide a basic understanding of planning, operational coordination and public information and warning through lecture and group discussions. Participants will have the opportunity to work through a tabletop exercise focused on the strategic objectives faced by senior leaders.

This is especially geared towards those that are seen as leaders in the community that may need to speak to media, other leaders, or understand the basics of the 'behind the scenes'.
