

OREGON DEPARTMENT OF EMERGENCY MANAGEMENT

G0191: Emergency Operations Center/Incident Command System Interface

Date: November 5, 2025

Time: 8:00 – 5:00 PST

Location: Oregon Trail Electric Co-op,

4005 23rd St, Baker City, OR 97814

Course Description:

This course enables students to develop an effective interface between the Incident Command/Unified Command and the Emergency Operations Center by applying National Incident Management System principles.

Course Objectives

- Explain the course structure and potential ICS/EOC interface challenges.
- Explain key NIMS concepts, command and coordination systems, and structures.
- Analyze given scenarios to determine commonalities and potential interface issues between ICS and EOCs.
- Explain the respective roles and interconnectivity of the NIMS command and coordination systems in coordination.
- Contrast the typical role and functions of the Incident Command and the EOC during emergency operations.
- Analyze given scenarios to apply ICS/EOC interface concepts.
- Develop an ICS/EOC interface action plan for your community.

Prerequisites

- [IS-100: Introduction to the Incident Command System, ICS 100](#)
- [IS-200: Basic Incident Command System for Initial Response, ICS 200](#)
OR [IS-2200 Basic Emergency Operations Center Functions](#)
- [IS-700: An Introduction to the National Incident Management System](#)
- [IS-800: National Response Framework \(NRF\), An Introduction](#)
