

**OREGON DEPARTMENT of EMERGENCY
MANAGEMENT**

3930 Fairview Industrial Drive SE
SALEM, OREGON 97302

October 29, 2025

Respective Public Safety Answering Points (PSAP):

This is the financial update of the State 9-1-1 Program for the distribution of the first quarter 2027 emergency communication tax revenues. These tax revenues are collected from customers during April 2025 – June 2025 by the phone companies. The phone companies pay the collected taxes to the Department of Revenue (DOR) and those taxes are then transferred to the Department of Emergency Management (OEM) during the period of July 2025 through September 2025.

As a result, OEM received approximately \$20M related to the 1st quarter tax revenue. From these receipts, \$100,581 was accrued and paid to the DOR for collection and processing fees. OEM's administrative costs incurred for the past quarter were \$413,604. The advance withholding will be \$600,000 less the difference between the estimate and actuals for the last quarter less any adjustments or \$413,604.

Additionally, the contribution to the 35% Enhanced Subaccount was approximately \$7M. As of this date, the balance of the 35% Enhanced Subaccount is approximately \$52.3M which consists of all payments applied to the current fiscal quarter through the end of September 30, 2025, and all unpaid invoices received by OEM during the reporting period. The 35% Subaccount also accrued approximately \$948.6K in interest.

In accordance with ORS 403.240(8), approximately \$12.5M will be distributed to statewide PSAPs:

DOR tax revenue collected:	\$20,115,265
Less:	
9-1-1 Subaccount allocation:	(\$7,040,343)
DOR Administrative Fee	(\$100,581)
OEM Administrative, adjustment:	<u>(\$413,604)</u>
PSAP Distribution, net:	\$12,560,737
