

OREGON DEPARTMENT OF EMERGENCY MANAGEMENT

G0205: Recovery from Disaster: Local Community Roles

Date(s): March 17-19, 2026

Location: Hosted virtually

Time: 8:00am – 3:00pm PST

Course Description:

This course covers foundational concepts in disaster recovery and the latest guidance on recovery planning. Participants will either assess their own recovery plan or a sample against this national planning guidance. Participants will discuss how a disaster recovery effort can be organized, managed, and led along with the types of challenges faced by recovery managers.

Scenario activities throughout the course give participants the opportunity to target information strategies and address local capabilities and challenges. They will also analyze lessons learned from Joplin, Missouri.

Course Objectives

- Demonstrate an increased knowledge of local government responsibilities and challenges associated with disaster recovery.
- Apply an increased understanding of recent "lessons learned" in disaster recovery at the local level.
- Develop, revise, and/or implement a pre-disaster recovery plan.

Prerequisites

Although no courses are *required*, the following are strongly recommended:

- [IS-100.C: Introduction to the Incident Command System, ICS-100](#)
- [IS2900.A: National Disaster Recovery Framework \(NDRF\) Overview](#)
