## Description:

### ICS 400

**Advanced Incident Command System for Command and General Staff, Complex Incidents and MACS**

This course builds upon information covered in the ICS-100-300 courses and explains the roles and responsibilities of local, county, state, and federal agencies involved in managing an expanding incident. Enhance your command and decision-making skills by participating in group activities that introduce the use of an Incident Complex and Area Command, and the interactions between Multi-Agency Coordination (MAC) entities.

Prerequisite courses can be obtained online at:
